## Accommodations

---

Forward, the owner's roomy stateroom features a queen-size bed-the bed's forward end can be tilted up with an electric motor for reading-and its own head and shower.

Aft, to starboard, is a second large cabin, this one fit out with a diagonally situated double. This cabin shares its head and shower with the saloon.

Aft and to port of the companionway is a smaller cabin that can be set up to meet an owner's needs at the time: as a sleeping quarter for friends or kids or, with the berth folded up, a storage space or workshop. Access to this cabin is through a door aft of the galley and also from above, through the cockpit settee.

The L-shaped galley sports a three-burner propane stove and oven, Isotherm refrigeration, and a number of amenities that a cook will appreciate.

Teak laminates and solid teak trim are found throughout. In the saloon, a portside U-shaped couch surrounds a table that can be lowered to create another double berth. Opposite, chairs sit to either side of a small table that can also be lowered to form a berth or settee. Just aft is the nav station, with room for paper charts and a dedicated place to set a laptop.
