# DETAILED INFORMATION

## Manufacturer Provided Description

---

Here's the latest incarnation of a living legend, the Fountain 47 Lightning. How do you improve on a boat that is known throughout the world as one of the greatest racing hulls in history? It isn't easy. Only Reggie Fountain's magic touch could bring about such a transformation. Start with modified step locations and angles of attack. Powerboat Magazine named it the 2006 offshore boat of the year, and for good reason. Looking for staggered twins with exceptional center of gravity balance? Bolt in a pair of Sterling 1200hp SCI engines with NXT1 gimbals and #6 uppers and lowers and run 120+ MPH.
