Broker's Comments

This 2009 Sea Hunt is one of the cleanest boats that I've ever been on. It's showroom condition shines! The hull is a beautiful Ocean Blue with white lower half. The all white deck sparkles...this one truly looks as if it just roll off the factory line!

The hull has been recertified by the factory to allow for a 300 HP four stroke v6 outboard engine. The engine only has 337 hours on it and the hull has approximately

900 hours. This boat will cruise and has a top speed of 57 knots! That'll get you to the fish in a hurry.

The electronic package, the additional fishing package, the extra storage...this one has it all! Do not let this one get away as she is perfect!
