## Overview

The Jeanneau DS line is one of the best looking functional sailboat designs on the water. It's distinctive styling is always noticed in an anchorage. Sleek, yet very livable.

You will find a spacious and bright interior with an abundance of living and sleeping space and a cockpit and helm that is comfortable with great visibility.

Sail controls are in easy reach to make this an easy cruiser for a couple or even single handing. The heavy keel and moderate draft make this boat a good performer that can comfortably sail the Bahamas and the Florida Keys.

The owner has proven the safety and comfort of this example by sailing from Croatia and through the Caribbean and Bahamas.
