SPECIFICATIONS

Overview

JUDYLAN

Custom built for its owner and launched in 2007, this 53' Pedigree power catamaran is a truly unique cruising yacht offering its owners luxury, performance and fuel efficiency. This yacht was designed for extended cruising in comfort and safety; with her generous 26' beam and only 30" of draft the Judylan is the perfect vessel for exploring inland waterways, the Bahamas, the Caribbean or the Florida Keys.

Judylan is powered with twin 200 HP Yanmar diesels. Known for their superior performance, fuel efficiency and dependability and coupled with Pedigree's efficient hull design this yacht has a cruising range of 600 Nautical miles. Designed and built to be operated by a couple, this yacht has duplicate navigation systems in both pilot house and bridge, Furuno autopilot and a wireless yacht controller for easy maneuvering at dockside.

Judylan's striking profile and her enormous panoramic windows are amazing, they flood the interior with light giving this yacht a spacious airy mood. That same feeling of large yacht luxury is further mirrored by its single level open floor plan. This is the perfect yacht for intimate family cruising or entertaining large groups of family or friends.

Judylan is currently located in Nashville, TN. and can easily be bought to the Gulf at Mobile Bay via the Tennessee-Tombigbee Waterway.

- Twin 200 HP Yanmars
- Sea-Tel satellite antenna & controls
- 6-zone marine air/heat
- Wesmar bow thruster with 4 remote stations
- 4 water-tight compartments
