Broker's Notes

"A La Mer" was maintained to top standards while chartered lightly (an average of 9.25 weeks per year) in the Abacos, with active owners who visited her frequently and made sure she was kept in tip-top shape. This boat has received all the care she could ever need, and is currently bound for St. Augustine, FL, where her next owners can take delivery. Unlike many similar boats, she is in exceptional condition and has been well-loved. Her owners are moving up to a larger catamaran, and are seeking someone to love her just as much as they have.
