## Overview

---

“Mary Louise” is a 1986 Nova 42 Sundeck Trawler with twin Yanmar diesels, Onan Diesel Generator and Cruisair Reverse Cycle air conditioning units. She is complimented by a beautiful teak interior with a 2 stateroom 2 head layout.

Thoroughly enjoyed by her current owners since 2000, family & friends have logged over 15,000 miles aboard “Mary Louise”. There is a proper ships log documenting ALL services and will prove excellent maintenance history. The sellers are relocating and it is time to pass this yacht on for the next owner.

Please contact me for more information. The boat is due for some maintenance and updating. Unfortunately not available for co-brokerage at this time.

# DETAILED INFORMATION

---

## Overview

---

A successful combination of price, comfort and performance, the Nova 42 Sundeck (also marketed as the Heritage 40 Sundeck) became one of the best buys in the small motoryacht market during the late 1980's. Like all Nova designs of the period she was built in Taiwan on a solid fiberglass semi-displacement hull with moderate beam, hard chines, and a long, prop-protecting keel. Among several floorplans offered over the years, a roomy two-stateroom layout with the galley down became the most popular. A lower helm was a popular option, and solid teak cabinetry and teak paneling highlight the traditional interior. Topside, the full width aft deck with its teak overlay and built in wet bar is quite spacious for a 42 footer. Additional features include a large flybridge, salon deck door, hard top, radar arch, and swim platform. Note the generous fuel and water capacity.

## Nova History

---

Long one of Taiwan's largest and most successful builders, Nova Marine has been a prominent player in the North American boating industry since the mid 1980's. Their products have been imported into the North American market under several names including Golden Star, Golden State, and Embassy and Heritage East. Unlike the many less competitive Taiwan yards that have disappeared from the boating scene in recent years, Nova Marine has developed a series of new Novatec designs during the 1990's. One of Taiwan's more experienced builders, Nova products have been recognized over the years for their solid construction, contemporary design, and good resale values.
