- Engineered engine room ventilating system, with intake blowers taking air in via air/water separator filters on hull side
- Gianneshi Engine room ventilation system
- Fire protection consisting of manually and automatically actuated FM 200 fire extinguisher system.
- Upon system actuation audio/visual alarms sound, blowers are shut down and hull side ventilation dampers are closed
- Naiad At Rest Stabilizers, with Datum 3 option stabilizer system with 16 sq. ft. fins and Datum station controls, PTO off port Genset.
- Kobelt power hydraulic steering system, off hydraulic pumps (2 per engine) port and starboard engines, emergency steering in lazarette
- Engine driven emergency bilge pumping system for engine room, bilge alarm
- Lube oil change system with pump, manifold and hoses to all engines and gearboxes
- Three Racor fuel filters with vacuum gages per main engines, manifold to filter change underway
- Racor filters with vacuum gages for generators
- Two 30 gallon water heaters, dual element, quick recovery type, circulating system
- Headhunter AC and DC water pump and accumulator tank for fresh water pressure system
- Cartridge style whole system water filter unit
- Sink with fresh water hose bib
- Automatic sump pumps
- Automatic bilge pumps, for each separate compartment in the vessel
- Alfa Laval MB 303 fuel polisher
- Fuel management system, consisting of fuel shut-off valves, fuel transfer pump with meter system and selector manifold
- Hart Tank Tender gauges for fuel, fresh water, black water and grey water tanks, pneumatic pump type
- Sentry tank monitoring system
- Black water tank level indicator and high level alarm
- Black water holding tank with Y-valve selector to allow direct discharge overboard or into holding tank.
- Macerator pump for pump out of holding tank direct over board, or to vented deck fitting for shore side disposal
- Hamin sewage treatment system
- TOMAR water treatment system - Model TSM-1200

- Groco bronze raw water strainers, all engines and sea water pump intakes
- Seacocks on all through hull fittings below the waterline
- Fiberglass battery boxes
- Battery condition indicator
- Engineered sound vibration and noise attenuation system for engine room spaces consisting of lead tile sound barriers and mylar faced synthetic lead-foam insulation covered with white painted aluminum perforated sheeting.
- Custom sound mounts for main engines, generators, engine room stanchions, head pumps/motors, air conditioning compressors and sea water cooling pumps
- Drip trays under engines
- Stainless steel rudder blades
- Nibral propeller shaft struts
- Nibral propellers, 5 blade, class S, dynamically balanced
- DURAMAX cutlass rubber stern and rudder bearings
- PYI packless shaft seals
- Tide rudder post three lipped seals
- 110vAC explosion proof fluorescent lights
- Automatic 24vDC explosion proof fluorescent lights (4)
- Smoke detectors
- Telephone jack
- 110vAC outlets (2), GFI type
- Watertight entrance door from crew area
- Watertight emergency escape door from engine room to guest staterooms
- Q-Max 1800 Gpd watermaker with digital stop and start
- Zero spot water filtration
- Work bench, storage cabinets and shelves for spares
- Tool box (mounted)

Electrical System

- 220/110vAC, 60 cycle and 24/12vDC electrical panels, main panels in engine room and sub-panels throughout vessel
- Atlas 45 kVA power Converter, Starboard side 130' 3 phase shore power cord on Glendinning cable master shore power retrieval system (380v AC) with adaptors, port side 130' 100 amp 220v single phase in Glendinning cable master
- ACR 100 searchlight with station remote control
- LED overhead light fixtures
- Valance lights and floor rope lighting to be 24vDC
- Automatic wardrobe lights
- Emergency lights, 24vDC, automatic at loss of AC power, to incorporate floor and stairway lights and selected overhead lighting. Removable emergency flashlights in each stateroom
- 24vAC reading lights

- 24vDC AGM batteries (all new 7/16) in two banks for engine starting and ship service
- Battery parallel system at helm and engine room
- 24vDC Sentry battery charger
- Two 12vDC battery banks for generator starting
- Shore telephone inlet, with 100 ft. cable
- Copper bonding system, connecting all through hull fittings and major metal components to exterior hull zinc anodes
- Dynaplate grounding plate and strap to pilothouse and flybridge ground terminal boards
- Voltmeters and ammeters for supply circuits
- Generating set/shore power selector switches and shore power polarity indicator
- Programmable Logic Controller (PLC) located in pilothouse for generator low oil pressure, generator high temperature, high bilge level, and smoke detectors (engine room, staterooms, galley, and salon).
- Security alarm sensors on all doors and hatches. Navigation light control and monitoring.
- 4 Deep Sea underwater lights

Swim Platform

- Teak decking
- Stainless steel swim ladder
- Stainless steel U-shaped rails
- Fresh water shower, hot and cold
- Salt water wash down bib
- Watertight door to crew quarters
- Locker for shore services, shore power, TV and telephone inlets
- Hinged cleats port and starboard (not for towing) door
- Step lights from sport deck to aft deck
- Exterior storage locker with water tight

Upgrades- Exterior (Winter/Spring 2016)

- New Freeman Oval Hatches with Drain system port and starboard foredeck
- All new teak decking from mid ships step P and S forward
- All new teak decking swim platform
- All other decks completely re seamed
- All exterior windows caulking reefed out and replaced with new, ALL WINDOWS
- Ditec Paint Preservation treatment applied spring 2016

- Ditec Glasstec Treatment applied spring 2016
- ABS Annual Survey Completed June 2016 Current and up to date
- All new Exterior Cushions Fall 2015
- New Painted Boot Stripe in Silver Fall 2015
- All Exterior Lighting changed to LED

Upgrades Interior 2015

- Interior 2015 Upgrades
- All NEW mattresses complete, guest and crew, custom made
- All guest cabins new gas shock-assisted access to all beds
- All new custom fit bedding
- New Saloon cabinets
- New sliding waste containers in galley
- New 2 drawer refrigerator, new deep freezer on aft bridge deck mounted on custom bracket
- New LG Washer and Dryer forward guest area
- Rebuild and reinstall aft Maytag Washer and dryer
- All Interior lighting changed to LED
- A/V 2015 Upgrades
- All new flat screens throughout, guest and crew
- New RTI control remotes for all areas and tv/audio, guest and crew
- All new Audio Receivers, Amplifiers, Sirius Radio, Ipad controls, Blue Ray
- Note: All AV was completely renewed in 2015

Upgrades A/V 2015

- All new flat screens throughout, guest and crew
- New RTI control remotes for all areas and TV/audio, guest and crew
- All new Audio Receivers, Amplifiers, Sirius Radio, Ipad controls, Blue Ray
- Note: All AV was completely renewed in 2015

Upgrades Electronics/ Navigation 2015

- All navigation equipment refit including all new daylight display screens
- 2 new Stidd Helm chairs mounted on custom platform that houses new Furuno 96 Mile Commercial Radar with ARPA and AIS input.
- New TZ Touch Radar and stand alone navigation system
- New Navigation Computer and Software and Nobeltec Navigation
- All new custom dash Panel with hinged access to wiring and equipment
- New Ships Computer with Weather WX, Kerio Internet Management System, Wifi

and Cell Expanders integrated into ships all new wireless access points

- New Mast Camera
- V7 Dome and below decks unit replaced in spring 2014

Upgrades Electrical/Mechanical

- New A/C Chillers x 3 in 2014/2015
- Steering rams removed, re sealed and replaced port side steering shaft spring 2016
- Renewed ZF Tethered Remote, new harness, plugs ends Spring 2016

Upgrades 2017/2018

1. Inspect and adjust electronics and camera.
2. Service Atlas system
3. New aft deck awning
4. Clean and inspect all bilge areas
5. 15 coats of varnish to caprail
6. Inspect all mechanicals
7. Inspect and service running gear
8. Inspect and service stabilizers
9. New hull paint
10. New boot top paint and striping
11. New Bottom paint
12. New Zero speed on running gear.
13. New zincs
14. Props removed serviced, S Class

Broker Comments

LADY PEGASUS® is a one of a kind, she is based off the Micheal Burvenich 95' - 100' design. However completely custom, built to stringent ABS classification. She has had the benefit of great stewardship, constant upgrades with no expense spared, under the care of her original husband & wife crew. **LADY PEGASUS®** represents one of Cheoy Lee's finest achievements and is truly a testament to her Naval Architects ability. She offers fabulous performance, efficiency and dependability. Her components are of the highest grade, required, due to her ABS classification. **LADY PEGASUS®** has a unique décor, in a beautifully appointed interior that sets her apart from the average.

LADY PEGASUS® is fully equipped, complete with high end galley and accommodation compliments (China, etc.) including all the toys. **LADY PEGASUS®** is fully turn-key

ideally suited for private or charter use. **LADY PEGASUS®** will appeal to the most discerning yachts man. Truly a must see.

Exclusions

Owner's personal belongings.
