Hull Configuration: Modified Deep Vee

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6CTA8.3M2

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Power Boat Guide states

An innovative yacht when she was introduced in 1994, the 4000 Express was the first mid cabin design ever built by Tiara. With her sleek profile, lush interior, and wide-open cockpit.

With her wide 14'6" beam, the accommodations are spacious for a 40-footer. A huge salon lounge will seat a small crowd around the extendable table, and the open galley includes a separate freezer and tremendous storage. Both staterooms define Tiara luxury, and the mid cabin area has a full 7 feet of headroom

Twin transom doors lead down to the extended swim platform, and built into the transom is a large, hydraulically opened storage trunk. The center section of the cockpit sole lifts for engine access. Additional features include radar arch, foredeck sun pad, electric helm seat and a cockpit wet bar. Twin 450hp Cummins diesels cruise the Tiara 4000 Express at 23–24 knots (high 20s top).

Tiara R&R 2012 / Major items noted

- Install raw water washdown in Anchor locker
- Installed large Hardtop w/ Front & Side Enclosures w/ Hatches
- Install Magnum 2812 Inverter with Remote control
- Custom lights (3) for the new hardtop
- Added new hailer
- Added Raymarine 375STV SAT TV System

Tiara R&R 2010 / Major items noted

- Added AirSep System with oil change system
- Factory installed over 20k invested in electronics
- Upgraded Kahlenburg air horns
- Engine room gauge package added
- Upgraded to Maxwell RC-800 Windlass
- Reading lights to forward berth
- New icemaker
- Custom one of a kind Tiara spice rack added to the Galley

Manufacturer Provided Description

Both seaworthy and luxurious, the Tiara 4000 Express was designed for those who want to do more with their boat than dock or anchor. Tiara's 105-cubic-foot compartment in the transom offers more room for more gear. Tiara has made its staterooms a priority by designing the 4000 with space for a master queen-sized and an aft double-sized berth. They each have at least seven feet of headroom. Wide side decks, an integral grab handle on the radar arch, an oversized step, and a remote cockpit light activator, make the transition from cockpit to deck safe and convenient.

Exclusions

Owner's personal belongings.
