Overview

New Interior & Exterior Upgrades Just Completed

Wasabi, originally built by Buddy Harris for Randy Ramsey as Starflite, has experienced a successful charter career through Virginia and The Carolinas. The builder, Captain Buddy Harris, is a second generation boat builder. The Harris Boat Works Co. is renowned for strong capable wooden boats that are built based on local knowledge and generally shared principles of construction. She is framed on White Oak and strip planked with local Juniper. After the wood is infused with Epoxy, the entire boat is fibreglassed for water integrity.

Wasabi's 3406E CAT Power and updated interior gives the Captain a comfortable economical and smooth running platform for their charters.
