SPECIFICATIONS

Overview

The Atlantis 40 is a further development of the model 39, which adds an integrated hard top, total cockpit redesign and extended bathing platform. The cockpit now offers a clever redesign with a c-shaped settee to port, an L- shaped wet bar and larger sun lounge under the wind screen. Obviously the 40 will keep the grandeur interior of the 39 offering two spacious en suite cabins usually associated with a much bigger boat, plus the bonus of a convertible saloon. Power comes from twin Volvo engines D6 370 hp which give wide open throttles of 39 knots.

DETAILED INFORMATION

Description

The Atlantis 40 is a further development of the model 39, which adds an integrated hard top, total cockpit redesign and extended bathing platform. The cockpit now offers a clever redesign with a c-shaped settee to port, an L- shaped wet bar and larger sun lounger under the wind screen.

Obviously the 40 will keep the grandeur interior of the 39 offering two spacious en suite cabins usually associated with a much bigger boat, plus the bonus of a convertible saloon. Power comes from twin Volvo engines D6 370 hp which give wide open throttles of 39 knots.

Broker's Remarks

- Freshwater boat.
- Professionally maintained.
- Entire boat serviced August 2016.
- Upgraded with a Volvo Aquamatic Joystick System.
- Underwater lights.
- Full custom cover
- Telescopic retractable hydraulic passerelle (SS + teak finish w/auto stanchions)
- Bose surround sound system in galley with flat screen TV.
- New bottom paint summer 2015.
- JL waterproof speakers. Pods on roof, speakers on swim platform and throughout.

Design and Construction

- Hull made by Infusion, a sandwich with a PVC core and vinylester resin on the outer layers.
- V-Shaped hull with variable shaped aft dead rise of 16 degrees.
- Isonopentilglycol gel coat, including hull blue strip.
- ISS (Integrated Structural System) structural architecture.

Electrical System

GPS System: RayMarine 12" C 120W Radar/Chart Plotter/GPS This new 12" C 120W has a multi function widescreen display with WXGA resolution and built-in WAAS compatible GPS. It includes preloaded U.S. continental coastal charts. The all new Raymarine C-Series widescreen redefines multi function navigation with larger, brilliant displays, increased performance, expanded networking and video integration. These high resolution displays give captains a commanding view of multiple sources of information without compromising readability.

Choose full screen navigation or choose multiple widescreen window combinations of chart, radar, fish finder, weather and video - C 120W gives you the flexibility to create the ideal screen configuration for every navigation scenario.

- 12 V battery unit for engine start-up
- 12 V battery unit for services
- 60 A automatic battery charger
- Digital AC/DC voltage and DC current absorption control
- Differential circuit breaker and individual cutouts on all electrical devices
- Panel for battery cut-outs (on electric control panel) and auxiliary unit/engine parallel control (on helm station panel)
- Shore input polarity check
- Galvanic current insulation system
