SPECIFICATIONS

Overview

“Outpost” has been lovingly cared for and lightly used by its current owner as a family boat for the past 20 years. They are ready to move to a smaller day boat, so it is time to bid this member of the family farewell. Her wood interior is in absolutely beautiful shape, as is her teak accents on the exterior. The engines have been meticulously maintained and recently had the heat ex-changers and after-cooler serviced. She has been lightly fished (one or two tournaments a year with the family). Her overall condition is very good. If you are shopping for a clean and dependable classic sport fish, this is one with a good history of service records. Set up a showing today!
