

AKIRA — DL YACHTS - DREAMLINE

Builder: DL Yachts - Dreamline

Year Built: 2017

Model: Motor Yacht

Price: PRICE ON APPLICATION

Location: Monaco

LOA: 85' 4" (26.00m)

Beam: 21' 10" (6.65m)

Max Draft: 6' 10" (2.08m)

Cruise Speed: 24 Kts. (28 MPH)

Max Speed: 26 Kts. (30 MPH)

Our experienced yacht broker, Andrey Shestakov, will help you choose and buy a yacht that best suits your needs **AKIRA — DL Yachts - Dreamline** from **our catalogue**. Presently, at **Shestakov Yacht Sales Inc.**, we have a wide variety of yachts available on **our sale's list**. We also work in close contact with all the big **yacht manufacturers** from all over the world.

If you would like to buy a yacht **AKIRA — DL Yachts - Dreamline** or would like help answering any questions concerning purchasing, selling or chartering a yacht, please call **+1(954)274-4435**

SPECIFICATIONS

Overview

AKIRA - fourth hull in the Dreamline 26 Flybridge series

Dreamline 26M is a great ship which, despite its relatively small size (26 meters in length), has all the making of a luxurious contemporary superyacht.

The shape of the hull, designed by Giuseppe Arrabito, is the result of extensive research and testing, and ensures the vessel encounters the least amount of resistance possible as it cruises across the sea. A similar level of care has been afforded to the development of the interior as well. Generous, well-lit interior spaces (done exclusively with LED lights) featuring soft, tasteful tones. Accommodations include four luxurious guest cabins, as well as comfortable quarters for the ship's crew, 3 people.

The spacious exterior is perfectly suitable for countless hours of entertainment at sea. Among others, there is a large garage aft which is not only home to an RIB, but can also be easily converted into an onboard gym or beach area.

Basic Information

Category: Motor Yacht

Sub Category: Flybridge

Model Year: 2017

Year Built: 2017

Country: Monaco

Fly Bridge: Yes

Dimensions

LOA: 85' 4" (26.00m)

LWL: 70' 9" (21.55m)

Beam: 21' 10" (6.65m)

Max Draft: 6' 10" (2.08m)

Speed, Capacities and Weight

Cruise Speed: 24 Kts. (28 MPH)

Cruise Speed RPM: 10 Kts.

Cruise Speed Range: 1200

Max Speed: 26 Kts. (30 MPH)

Displacement: 216053.01676 Pounds

Gross Tonnage: 145 Pounds

Water Capacity: 1349.91918572
Gallons

Fuel Capacity: 11000.12424528
Gallons

Fuel Consumption: 79.2516156
Gallons

Accommodations

Total Cabins: 4

Total Berths: 8

Sleeps: 8

Crew Berths: 4

Crew Sleeps: 4

Crew Heads: 2

Hull and Deck Information

Hull Material: GRP

Deck Material: Teak

Engine Information

Manufacturer: MAN

Model: 1900 V12

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

CONSTRUCTION

The hull is built in Glass Reinforced Plastic (GRP). The mechanical and chemical properties of the laminates were verified in accordance to RINA procedures.

The hull is monohedron type and it's provided with an efficient system of longitudinal framing on the bottom and on the sides in conjunction with girders, bulkheads and web frames to provide transverse rigidity.

Special consideration is paid to local reinforcements such as fore sections, machinery foundations, shaft brackets and internal casings in accommodation areas, bow thrusters tunnel, rudders, etc. The hull is protected by a complete anti-osmotic treatment.

Decks and superstructure are built with a cored sandwich structure, by means of closed cell foam. Structure is basically transversal.

The hull is divided in watertight compartments by means of watertight bulkheads in GRP positioned according to General Arrangement.

EXTERIORS

The available space provide a comfortable environment, as well as a rational and complete control station, a large sofa with integrated furniture, a table with chairs, a bar with stools, an internal barbeque zone and a large sun pad. The access is made by an external staircase and by an internal one, which goes down next to the pilothouse below. The entire sun deck is teak covered and self-draining.

- Wide windshield in plexi-glass or glass with stainless steel supports
- Large hard top built in fiberglass/carbon mix with electr. sliding partition
- Glass door with s.s. frame manual operated for staircase to pilothouse

- Dashboard in grp including:
 - 2 x MAN digital control panel with warning function
 - Digital board computer with separat keyboard linked to Raymarine GS 165
 - Engines controls levers with emergency system
 - Rudder angle indicator
 - Fuel level indicator daily tank and main tank
 - Engine room temperature indicator
 - N° 2 Raymarine GS 165 rad/gps/plotter etc. multifunction display

- N° 4 Raymarine i70 multifunction (log/echosounder/electr. compass/wind etc)
 - Simrad autopilot AP70
 - Simrad steering lever FU80 (joystick followup)
 - VHF RAY 260E
 - Searchlights controls
 - Thrusters controls
 - Buzzers for various alarms
 - Navigation light switch units
 - Fly bridge and hard top light switch unit
 - Intercom station
 - Anchor winches control
- Helm wheel with logo
 - Waterproof helm station cover
 - Pilot and co-pilot seats Besenzoni
 - Waterproof seat covers
 - Waterproof sofa cover
 - Sofa complete with outside cushions
 - Sun area or sunbed complete with external mattress with outside cushions and waterproof cover
 - Jacuzzi with fresh water semi custombuilt with heating system
 - Bar in VTR including :
 - N° 3 fix installed bar chairs
 - Sink in stainless steel with hot and cold taps
 - fridge
 - barbecue
 - Courtesy lights (all led lights)
 - Stainless steel mast painted over roll bar complete with antennas:
 - Antenna TV-SAT KVA TV6 automatic digital
 - Blind dome KVA TV6
 - Antenna VHF
 - Antenna GPS RAYSTAR 130
 - Antenna RADAR OPEN ARRAY 4 super HD
 - N° 2 searchlight
 - Waterproof acoustic speakers connected to the stereo system
 - Hard top lighted with led lights
 - Navigation lights
 - Exterior table with stainless steel supports
 - Hatchway with closure
 - Stainless steel stanchions with plexi panels
 - Cushions in elasponge or equivalent for fly seats + 12 pillows (incl. sunbeds)
 - Acoustic announcer
 - N. 2 life-rafts for 8/P Eurovinil (or equivalent)

-
- Stanchions in stainless steel 316L and caprail in teak wood from midship to stern
- N° 2 stainless steel gates access to platform with logo
- N° 4 stainless steel fair leads at bow (or on request 2 large custom made stainless steel fair leads at bow)
- N° 2 stainless steel bitts in the bow area with appropriate bases in the internal bulkwalk
- N° 4 stainless steel bitts on cockpit deck in protected technical area
- N° 2 fair leads in stainless steel at mid ship internal bulkwalk with incorporated cleats
- N° 2 large custom made stainless steel fairleads at stern
- GRP fender bar at side
- Bow area with sofa complete of lockers, lockers for winches, adjustable table, cushions and waterproof cover
- Bimini Top on Front Deck manual with LED lights
- Fuel embarkation pipe points on walkway
- Water embarkation connection
-
- Anchor winch control pushbuttons
- Superstructure front wide 180° windows built in reinforced safety glass glued on the structure
- Fire hoses at bow and stern on lockers
- Hatchway to self-draining chain locker with N° 2 chains of 100 mt according CE rules
- External complete led lighting on walkway
- N° 2 boat hooks
- N°3 watertight manual side doors custommade for galley, lobby and engine room
- Manual side ladder
- Superstructure side wide windows built in reinforced safety glass glued on the structure
- Engine room ventilation grill on side of superstructure and walkway ceiling
- Stairway in teak to fly with courtesy led lights
- Lockers in cockpit area
- Emergency engine room exit in cockpit area
- External table with waterproof cover and N° 5 chairs
- Wide sofa with incorporated stern sun pad
- Illuminated electric-hydraulic gangway with remote control, teak deck and hand-rail manufacturer Besenzoni custommade
- N. 2 electric capstans at foredeck with recess pedal controls Lofran's type 2.0 kW or equivalent
- Technical area concealed at side of superstructure with manual controls for fire-fighting systems in the engine room, fuel stop and ventilation

- Locker in stern part of superstructure with internal panel with instrumentation for third control station (start-stop engine, bowthruster, anchor control, engine control lever)
- Complete teak self-draining deck
- Cockpit ceiling with weather resistant speakers, led lights with light regulation and camera infrared
- N° 6 cylindrical fenders + N° 2 ball fenders
- Suncovers in Elaspone or equivalent for cockpit seats
- Electric sliding sun protection
- Cockpit canvas full enclosure

- Wide windows on 270° angle view of adequate thickness in reinforced tempered glass glued on superstructure
- N° 2 windscreen wipers with screen washing
- Opening lateral window in wheelhouse recessed area
- N°2 glass skylights (for owner cabin) of tempered glass glued on superstructure

- Side fixed windows in tempered glass CE approved of adequate thickness glued on the hull
- Portholes with tempered glass and s.s. frame
- Stainless steel bow protections suitable for N° 2 anchors
- N° 2 galvanised anchor of suitable weight not less than 80 kg according to relative rules
- N°2 anchor chain washing systems

- Dreamline extendable Hydraulic Swim Platform covered with Teak Deck Lifting Capacity 600 kg net
- Hydr. Bathing ladder (beam 1100) with Decklift function
- Platform and steps covered by teak with step led lights
- Garage entrance door with electrohydraulic opening system with control on deck and hydr. tender lifting system Besenzoni custommade incl. Williams tender 385 jet
- Side lockers for N° 2 electrical dock sockets 220 V 50 A with 20 mt cable
- N° 1 Glendenning system
- Transom shower with hot and cold water
- Name of ship in polished stainless steel backlighted

INTERIORS

- Electr. Sliding door with tempered safety glass and stainless steel frame Tempesta or equivalent
- Hydr. Side Balcony salon (incl. sliding door salon)

- Sofas and lounge chairs in leather or fabric
 - Courtesy led lights
 - Smoking table
 - Furniture on starboard side with TV Samsung TVC LED/LCD 46" smart
 - Ceiling illumination with led ceiling lights with light regulations
 - Dining room on the port side with large table and 8 chairs
 - Dining room furniture on sides
 - Leather and/or wood walls
 - Ceiling in painted wood panels and leather panels
 - Fan-coils for air conditioning with air-treatment
 - Socket 220 V, switches, chromed plated according to interior decoration layout; quantity and disposition as necessary
 - Electric curtains
 - Wine cooler custommade
 - Fridge-bar
 - Ice maker – CLASSIC REFILL PF DX 220-240V 50Hz or equivalent
 - Marble or wood floor at entrance
 - Carpet or wood floor
 - BOSE Dolby digital 535 or equivalent
 - Digiquest Decoder SAT C.I
 - Access to daily toilet on starboard side
 - Cabin phone
 - Fire Smoke Warning System
-
- Access from dining room with sliding wooden door and with watertight door on external deck
 - Bow access to stair for crew accommodation
 - Extraction hood MIELE
 - Combi Microwave/oven MIELE
 - Ceramic stove with 4 hobs MIELE
 - 3 zones frigo in inox custommade of adequate volume
 - Stainless steel sink with hot and cold water mixer
 - Top in marble or corean
 - Dishwasher – MIELE
 - Water tank level indicator
 - Drawers
 - Vertical storage unit
 - Shelves
 - Wood or marble floor
 - N°1 fan-coil for air conditioning with air-treatment
 - Venetian blind
 - Cabin phone

- Fire Smoke Warning System
- Washbasin
- Bathroom top in marble
- Extractor
- Set accessories
- Cabinets
- Socket 220 V
- Hot/cold water mixers
- Wood or marble flooring
- Venetian blinds
- Gloss painted ceiling with wooden frame
- N° 1 electrical WC Tecma (or equivalent)
- Access from main deck with watertight lateral door
- Wooden floor
- Stairs to pilothouse, guest accommodation and owner's cabin
- Led ceiling and courtesy lights
- Air-conditioning
- N°1 leather electr. hydr. adjustable pilot seat Besenzoni
- Leather sofa on request
- Dashboard with instruments in leather, carbonlook or aluminium
- Led ceiling lamps
- Electrical push buttons controls for complete ship management, leds and night lighting, synoptic alarm panels
- Nautical charts storage unit
- N° 2 fan-coils air conditioning - with air-treatment
- Skai ceiling
- Wooden floor
- Venetian blinds on request
- Fire Smoke Warning System
- Instruments for engines and gear-boxes (2 x MAN digital control monitors with alert)
- Engines control lever with emergency system
- Rudder angle indicator
- Digital board computer touchscreen
- Emergency switchboard
- Main engine start-up
- Gen sets start-up
- Magnetic compass
- Acoustic buzzers for alarms

- Water tank level indicator
- Electrical light control
- Windscreen wipers control with washing system
- Fuel level indicators
- Engine room temperature indicator
- Control board for Portholes and Hatches indicating open or closed
- N° 2 Raymarine multifunction Glass 16" GS 165 (Radar/Plotter/GPS etc)
- Raymarine Radar 4 kW Super HD
- VHF-RAY 260E
- N° 4 Raymarine i70 multifunction (log/echosounder/electr. compass/wind etc)
- Simrad AUTOPILOT AP 70
- Stabilizer control panel
- Anchor winches control
- Bow and Sternthruster control panel
- Simrad steering jog lever FU 80 (follow me joystick)
- Engine oil alarm
- Engine water temperature alarm
- Alternator alarm
- Helm wheel with hydraulic steering system- BCS (or equivalent)
- Monitoring for cameras infrared in Engine room, Cockpit, Walkaround and Fly
- N° 1 barometer
- N° 1 clock
- N° 1 thermohygrometer

OWNER'S CABIN MAIN DECK

- Electr. side door parallel shifting
- Full size double bed with storage lockers under the bed
- Bed head rest in leather
- BOSE dolby digital lifestyle 535
- Digiquest Decoder SAT C.I
- N°2 tables (port side for beauty with leather puff) + central part of furniture with sliding TV Samsung TVC LED/LCD 40 smart build in
- Bed sides in leather
- N°2 reading lights
- Chaise longue
- Ward-robe with drawers and courtesy lights
- Safe
- Sliding door to bathroom
- Socket 220 V, switches. chromed plated
- Ceiling in Skai
- Electrical sun screen curtains
- Full sized double mattress
- Full sized double bed cover

- N° 5 cushions
- Carpet flooring
- Fan-coil air conditioning with air-treatment
- Ceiling led lights with light regulation
- Fridge/bar
- Cabin Phone
- Fire Smoke Warning System

- Shower box with teak or marble floor
- N° 1 fixed ceiling shower
- N° 1 additional vertical shower or hydro massage
- Marble top with N° 2 marble wash basins custommade and storing place
- N° 2 hot/cold water mixers
- Shower extractor
- Set accessories
- Cabinets
- Socket 220 V
- Marble flooring
- Venetian blinds
- Stainless steel porthole with mosquito net
- Gloss painted ceiling with wooden frame
- Ceiling led lights
- N° 1 electrical WC Tecma or equivalent
- N° 1 bidet Tecma or equivalent
- Mirror with halogen lights
- Air-conditioning

- N° 2 closet with internal lights
- Full sized double bed with storage unit
- Head- rest in leather
- N°2 wall lights head-rest
- Led ceiling lights with light regulation
- Full sized double mattress
- Full sized bed cover
- N°3 cushions
- Starboard side two seats sofa
- Lateral stainless steel portholes with mosquito nets
- Fan-coil for air conditioning
- LED or Halogen ceiling lamps
- Courtesy lights with illuminated hand-cord
- Socket 220 V
- Sun screens
- Fitted carpet
- Bose Dolby Digital 235

- Digiquest Decoder SAT C.I
- Samsung TVC LED LCD 32" smart
- Fan-coil air conditioning with air-treatment
- Cabin Phone
- Fire Smoke Warning System

- Extractor
- Shower box with teak or marble floor
- N° 1 fixed ceiling shower
- N° 2 additional vertical shower
- Marble top with ceramic wash-basin and storage space
- Mirror with halogen lights
- Hot/cold water mixer
- Complete set of accessories
- Stainless steel porthole with mosquito net
- Floor in marble
- Cabinets with doors and mirrors
- Gloss painted ceiling with wooden frame
- Socket 220 V and switches
- Venetian blinds
- Electrical WC Tecma with bidet usage or equivalent
- Ceiling led lights
- Air-conditioning

- Closet with internal lights
- BOSE Dolby Digital 235 or equivalent
- N° 2 single beds convertible to double bed
- Head-rest in leather and mirror
- Bed sides in leather
- Central table with drawer in backboard cabin
- Ceiling led lights
- N° 2 mattresses
- Fan-coil for air conditioning with airtreatment
- Stainless steel portholes with mosquito nets and sun screens
- Head-rest lamp
- Courtesy lights with illuminated hand-cord
- Socket 220 V and switches
- Venetian blinds
- N° 2 single bed covers
- N°4 cushions
- Sun screens
- Fitted carpet
- SAMSUNG TVC LED/LCD 32" smart
- Cabin Phone

- Fire Smoke Warning System
- Extractor
- Shower box separated by teak or marble flooring
- N° 1 fixed ceiling shower
- N° 1 additional vertical shower
- Marble top with ceramic wash-basin and storage space
- Hot/cold water mixer
- Cabinet with mirror and halogen lights
- Ceiling led lights
- Stainless steel portholes with mosquito net
- Marble flooring
- Socket 220 V and switches
- Complete set of accessories
- Venetian blinds
- Electrical WC Tecma with bidet usage or equivalent
- LED ceiling lights
- Gloss painted ceiling with wooden frame
- Three-way discharge system directly overboard only in sx guest bathroom
- Air-condition

CAPTAIN'S CABIN

- Cabinet
 - Digital active control panel 15´ (touchscreen) and camera surveillance in captain´s cabin
 - Fan coil air conditioning with temperature control
 - Head-rest
 - Led lights
 - N° 1 bed
 - N° 1 mattress
 - N°1 bedcover
 - Stainless steel porthole with mosquito net and sun screen
 - Wooden or carpet floor
 - Socket 220 V and switches
 - Skai ceiling
 - Curtains
 - Cabin Phone
 - Car stereo PIONEER or equivalent
-
- Extractor
 - Wash-basin
 - Wood flooring

- Gloss painted ceiling
- Stainless steel porthole with mosquito net
- Led lamps

- Socket 220 V and switches
- Complete set of accessories
- Mirror
- Separate shower
- Electrical WC Tecma with bidet usage or equivalent

- Cabinet
- Fan-oil air conditioning
- Head-rest
- Led lights
- N° 2 beds
- N° 2 mattresses
- N°2 bedcovers
- Stainless steel porthole with mosquito net and sun screen
- Wooden floor
- Socket 220 V and switches
- Skai ceiling
- Curtains
- Car stereo PIONEER or equivalent

- Extractor
- Wash-basin
- Wood flooring
- Gloss painted ceiling
- Stainless steel porthole with mosquito net
- Led lamps
- Socket 220 V and switches
- Complete set of accessories
- Mirror
- Separate shower
- Electrical WC Tecma with bidet usage or equivalent

- Cooking corner
- Electric cooker with two hobs Whirpool or equivalent
- Extractor
- Fridge Vitrifrigo or equivalent
- Digiquest Decoder SAT C.I

- Micro Oven
- Stainless steel sink
- Wooden floor
- Staircase with external access
- TV Samsung TVC LED/LCD 22"
- WASHER-DRYER HOOVER 5 kg or equivalent two separate units
- Fire Smoke Warning System

TECHNICAL INSTALLATIONS

PROPULSION

- Main engines: 2 X MAN V12-1900 HP at 2300 RPM
- Gear boxes: ZF 3050 V ratio 2,5:1
- Transmission configuration : V-drive
- Cardan joint between engine and gearbox with engine on elastic support
- Engine room side and ceiling sound and fire insulation
- Stainless steel AISI 316L shafts, shafts supports OTMAN or NIBRAL and stern tubes in GRP, carbon and stainless steel 316L stern tube seals
- Propellers in alloy with five blades Rolla Nibral (or equivalent)
- Hydraulic bow thruster CMC BTM 30-35H-OGB 35 kW 470 kgf or equivalent
- Hydraulic stern thruster CMC BTM 30-35H-OGB 35 kW 470 kgf or equivalent

CATHODIC PROTECTION

- Zinc anodes distribution on transom and on rudders, shafts, bow and stern thrusters and other s.s. appendages
- Porous plates for electric system and instrumentations

STABILIZERS SYSTEM

- Zero speed stabilizers system electric (or on request hydraulic) with side fins
- Type: CMC Marine "Stabilis Electra" Electric fins, Model: SE60.50.1.100
- Control panel in pilothouse

ENGINES AND GENERATOR EXHAUSTS

- Pipes and risers built in stainless steel and polycarbonate
- Structural exhaust in VTR on the bottom of the hull
- Bypass for low speed under the GRP platform fender
- Generator exhaust silencer with water-fumes separator

FUEL SYSTEM

- N°4 grp structural tanks and N° 2 INOX daily tanks for a total of 8000+3000 l

additional. 3000l of volume to be used only for trimming or long range travel; all tanks will have inspection manholes and vent pipes

- Emergency cut-off quick closing valves with remote control outside of the engine room will be provided on daily tank for diesel engines supply lines
- From the loading lockers (on the side of the superstructure) the fuel goes to main tanks by gravity and it is transferred to the daily tank by one electric pump 220 V or Alpha Laval fuel cleaner or by one emergency electric pump 24V, or by a manual pump. The fuel pumps are located in the engine room
- Optic and electrical level control
- Wheel house fuel level indicator
- Double Filters Racor 120 AP for the main engines

STEERING SYSTEM

- Rudders in stainless steel AISI 316 with shafts
- Rudders auxiliary control
- N° 2 hydraulic pumps for rudder wheels
- Electro-hydraulic pumps for steering and control with automatic pilot
- Rudders connection bar in steel

BILGE SYSTEM

- Bilge suctions for each of the water-tight compartments
- N°1 electric-pump with by-pass for fire fighting service type Gianneschi CP 40 or equivalent
- The two pumps are also used for the anchor chain washing.
- Electric-pump submersible Jabsco type Rule 3700; 24 V or equivalent
- Electrical bilge level sensors
- N°1 manual bilge pumps
- N°3 bilge level alarms
- Engine cooling sea water suction with three way split for bilge
- Bilge alarm panel

FIRE FIGHTING SYSTEM

- N°1 electric-pump with by-pass for fire bilge service type Gianneschi CP 40 or equivalent
- N° 2 fire hydrants UNI45 on main deck
- N°1 fixed extinguisher system in engine room CATEF MA740 FE227 (or equivalent) manual activation from cockpit
- Portable extinguishers according to current regulations
- External manual emergency closing of fuel lines to the engines and generators and manual closing of the ventilation shutters and fans
- Fire Smoke Warning System

HYDRAULIC SYSTEMS

- Electric hydraulic pump for steering system, assisted by the auto pilot with relative 24 V control system
- 24 V electro-hydraulic pump for gangway and hydraulic bathing ladder
- 24 V electro-hydraulic pump for garage door, tender sliding system and sliding swim platform

VENTILATION AND EXTRACTOR SYSTEM

- Forced air intake to the engine room from the internal and external walkways
- Engine room ventilation made by two large fans drawing in fresh air from the walkways, discharge of natural hot air onto the walkways
- Extraction systems in all bathrooms with centrifugal ventilation
- Extraction system in galley with centrifugal ventilation

FRESH WATER SYSTEM (HOT AND COLD)

- Structural grp tank cap. 1350 litres connected with Watermaker 200 lt/h (full automatic)
- Group of two independent pressure pumps from Gianneschi & two hydrophores with two electronic pressure controls (one unit only for owner compartment, 2nd unit for remaining freshwater system with interconnection)
- N°2 Boiler 100/80 ltrs. from Gianneschi (80 ltrs. Boiler only for owner compartment)
- Shore water connection for fresh water and pressure reducer
- Tank level indicator in galley
- Water maker 200/h full automatik

BLACK AND GREY WATER SYSTEM

- N°2 Electric-pump black/grey waters Gianneschi type ECO MV44
- N°1 Electric-pump black/grey waters Gianneschi type ECO MV44 on standby
- Electric-pump for every toilet contained in the WC unit
- Black water tank grp cap. 500 ltrs. connected with Hamman purification plant
- Grey water tank grp cap. 710 ltrs.
- Possibility of discharging black and grey waters overboard using by-pass controls

SEA WATER SYSTEM

- Sea water inlets with grids, filters and valves for the main engines
- Sea water inlets with filters and valves for the generators
- Sea water inlets with filters and valves for the air conditioning circuit and fire-fighting

MISCELLANEOUS

- Underwater Hull Lighting including underwater camera sternside 5 x 4 x 5
- Internet devices with modem and access points (Wlan)
- N°6 cylindrical fenders + N° 2 ball fenders
- External cushions
- Sun protection for pilothouse
- Waterproof covers for cushions, dashboard, flying bridge
- N°4 mooring ropes of 25 mts each, diameter 30 mm
- Tool box
- Safety equipment according regulation:

Fire extinguisher for all sleeping rooms, pantry, lobby, salon, wheelhouse and crew compartment

N° 4 hand flares N° 4 red light parachute flares N° 1 lifebuoy with safety rope N° 1 light buoy N° 3 smoke buoy N° 16 life jackets N° 2 life rafts for 8 persons mounted on flybridge N° 1 first aid box

ELECTRICITY

GENERAL CHARACTERISTICS

- Main electrical panel, alarms and magnetic-thermal switches situated in the engine room for the whole ship control.
- Powered electrical panel with magnetic-thermals situated in the engine room in order to protect all the appliances
- The power supplies available on board are 220V for power systems and 24V for light and emergency systems
- The following batteries will be supplied and installed on board (maintenance free gel batteries):

Service battery 640Ah 24vdc

- N. 8- BATTERIA-ERMETICA-GEL-- MOD. HZY-EV 6/335 ---6V/320AH C/20--280AH C/5

User's battery 320A/h 24vdc

- N. 4- BATTERIA-ERMETICA-GEL-- MOD. HZY-EV 6/335 ---6V/320AH C/20--280AH C/5

Main engine port 262A/h 24vdc

- N. 2- BATTERIA-ERMETICA-AGM-- MOD. HZB 12/230

Main engine stbd 262A/h 24vdc

- N. 2- BATTERIA-ERMETICA-AGM-- MOD. HZB 12/230

Diesel generetor port 135A/h 24vdc

- N. 2- BATTERIA-ERMETICA-AGM-- MOD. HZB 12/120
- Diesel generetor stbd 135A/h 24vdc
- N. 2- BATTERIA-ERMETICA-AGM-- MOD. HZB 12/120

- N°2 shore power connections: 1 for A/C system, 1 for all systems; the system is divided into 2 bars. The main shore power connection for all systems will be supplied by Glendenning system

ELECTRICAL ENERGY SUPPLY

- N°2 generators 28 Kw Kohler situated in engine room
- Generator hours: stbd - 364, port - 215
- N°2 offshore sockets 220V, 50A stern
- N°3 x 80 A electric battery charger –for the installed batteries

ILLUMINATION AND DISTRIBUTION

The illumination system works with the following tensions:

- 24V/220V main led and halogen illumination
- 24V water-tight external lights
- 24V courtesy stair lights

AIR CONDITIONING SYSTEM

- Air conditioning unit (3 compressor units total 135.000 BTU) Condaria or equivalent
- Air conditioning control in all cabins, in the saloon, dinette and in crews cabin

LIST OF EXTRAS on DL 26 M - 004 (included in price)

Alpha Laval fuel cleaner Hydr. High-Performance Package

Stabilizers Zero Speed: Sternthruster 50 hp, Bowthruster 50 hp
