SPECIFICATIONS

Overview

If you are ready to enjoy cruising in fashion or want to live aboard with plenty of room for privacy, you have to put this boat on your list. A great boat with real ocean capability, this Bertram was extended by her own manufacturer, Richard Bertram Marine. The cockpit is a full beam space that has many possible functions. The spacious enclosed aft deck is perfect for entertainment and has a custom Bertram hardtop. The hardtop/flybridge sports a MarQuipt low profile crane so you can store your dinghy ready for quick launching! Easy access from the aft cockpit to the swim platform is made through a transom door. This entire space could be used as a great fishing platform if the new owner wanted to make the modifications.
