14. REFIT NOTES

Benefiting from refits between 2013-2016 that included engine and generator rebuilds, full paintjob and major interior re styling. A full list of works is available on request.

Most notable works carried out are:

- Full paint to hull and superstructure transforming her to the classic white OCEANA
- Full interior refit including all new Lora Piano soft furnishings throughout, interior and exterior furniture and artwork by Joseph Albers
- Extensive mechanical and technical refit including Zero hour rebuild of the engines and generators.

14. COMMENTS OCEANA was built as BOLKIAH in 1991 by Oceanfast (Australia) with the Interior Design by Jon Bannenberg (UK) and Naval Architecture by Phil Curran (UK) for the Sultan of Brunei and later became TRUE BLUE. This yacht had major refits in 1998, 2008 to include zero speeds and in 2016 which included a full paintjob. The hull is aluminium with a GRP superstructure and teak decks.

OCEANA has benefited from a number of extensive refits involving a complete engine (2013) and generator (2016) overhaul.

An excellent and virtually unique opportunity to purchase a stylish performance motor yacht at a fraction of replacement cost.

Available for immediate inspection in the South of France.
