## Overview

---

The Striker name came from the early whaling times, the striker was the harpooner on these vessels and revered for their bravery and strength.

Strength is the prevailing theme on Striker yachts. Though most of their vessels were fishing boats, Krogen designs were used to create a diversion into the motor yacht market. There is believed to be 5 in the world.

WHITE STAR is a great example of these rare and special yachts. This owner mostly used it as his residence in Beautiful Palm Beach Florida since he bought it in 2005. The low engine hours and the condition reflect this.

WHITE STAR can operate at 8 GPH at 8 Knots, cruise at 15 Knots with a 20 Knot top speed.

The very comfortable living space is perfect for relaxing or entertaining with it's near panoramic views.

WHITE STAR recently had a complete refinish and bottom paint and is ready to take the new owners safely on a new adventure.

### FEATURES:
