## Overview

---

This freshwater Sea Ray 36 Sedan Bridge cruiser has been well maintained and is well equipped with heat/air, updated electronics and a full enclosure on the sedan bridge and cockpit. The helm on the sedan bridge provide 360 degree visibility for comfortable and safe cruising. The 36 sedan bridge has a spacious layout featuring two private staterooms with queen berths, large head with a separate shower space, and a comfortable salon with dinette and a full-size sliding door to the cockpit. The boat can sleep 6, features a full galley with electric cooktop, microwave and separate refrigerator and freezer. Her low hour twin 370 hp MerCruiser inboard twin engines provide plenty of propulsion to easily cruise at 18 knots and a 7.3 kw Kohler generator provides electrical power for the boats systems.

## DETAILED INFORMATION

---

### 36' Sea Ray Walk Through

---

Boarding the 36 sedan bridge can be done over either port or starboard gunwhale onto a modest molded step into the cockpit or from the swim platform through the transom door. The spacious cockpit provides plenty of room for entertaining, relaxing or managing the boat. From the cockpit you can move forward on either side via walkways to the foredeck, up the molded stairs to port to the sedan bridge or through the large sliding glass door into the salon. Upon entering the salon there is salon seating on both port and starboard, the raised dinette is forward to starboard and the galley is forward and a few steps down to port. The Guest stateroom is adjacent to the galley and the master stateroom is forward in the bow. The head with vanity and toilet is to port with a separate shower space adjacent to starboard.

Up on the sedan bridge you will find great 360 degree visibility inside a full enclosure, twin captain chairs at the helm with bench seating and a small dinette/table.

The engine room is easily accessed by two large hatches, one in the deck of the cockpit and the other in the sole of the salon.

### 36' Sea Ray Accommodations

---

This yacht can comfortably accommodate six with two in the master cabin, two in the guest cabin and two in the salon.

### 36' Sea Ray Salon

---

The Salon on this yacht is very open and comfortable. The large sliding glass door aft and the large side and forward windows provide a lot of light to the space. There is a large Ultraleather sleeper sofa to starboard with a smaller Ultraleather loveseat to port. Aft of the loveseat is the digital control panel for the boats systems and the entertainment center with 29" LG flat screen TV. Forward of the loveseat is the L-shaped galley and forward of the sleeper sofa is the raised dinette that overlooks the galley. The dinette seating converts to a chaise lounge chair and the table folds out to double in space for comfortable dining for three. The sole is carpeted and in good condition with snap in place covers.

### 36' Sea Ray Galley

---

The large L-shaped galley is down a few steps forward to port of the salon and has everything you need for a long weekend or extended cruising. A side-by-side Waeco

refrigerator and freezer is under the counter and a Kenyon two burner electric cooktop is in the counter above. Above the cooktop is a large Panasonic microwave oven. A single basin sink is aft in the galley. Plenty of storage and Corian countertops make this galley very useful and elegant. The sole is hardwood flooring and the surrounding salon and dinette windows make the space very open and bright.

---

## 36' Sea Ray Master Stateroom

---

The master stateroom is forward in the bow and features a centered queen berth with under berth storage. Hanging lockers to both port and starboard provide additional storage. The sole is carpeted and the space has a large overhead hatch with shade and single portlights to port and starboard and reading lights.

---

## 36' Sea Ray Guest Stateroom

---

The guest stateroom is amidships under the dinette and features two single berths with a filler that converts the berth to a queen. A single hanging locker to starboard provides storage space. The sole is carpeted and reading lights are installed about each single berth.

---

## 36' Sea Ray Head

---

The head is housed in two separate spaces with the vanity and toilet to port and the shower stall to starboard. The vanity has a stainless steel sink in a Corian counter with mirrored medicine cabinet above it and another storage cabinet forward. The toilet is a Vacuflush Dometic unit. The sole is fiberglass for easy cleaning and a single portlight provides additional light and ventilation.

The shower stall is molded fiberglass with a small bench seat, adjustable height shower head and single portlight.

---

## 36' Sea Ray Flybridge

---

The spacious, fully enclosed sedan bridge is accessed via a molded fiberglass staircase to port from the cockpit and features twin Sea Ray branded helm chairs, a well equipped helm and a seating area aft with two bench seats and a small table.

---

## 36' Sea Ray Cockpit & Deck Equipment

---

The extra large cockpit provides plenty of room for two to relax or a small group to gather. A small refrigerator is installed forward to starboard in the cockpit and a good size fold down bench seat is mounted along the transom. A molded step on both port and starboard make boarding from the sides easy. A molded staircase leads up to the sedan bridge which has a full canvas and Isinglas enclosure in good condition. A stainless steel Napoleon propane grill is mounted aft to port. A large deck hatch provide ample access to the engine and mechanical compartment.

The molded fiberglass swim platform with stainless steel swim ladder is accessible via the centered transom door. Weaver davits secure the 7' Deltabay RIB tender. A Honda 2.5 hp outboard is included with the tender.

The foredeck is surrounded by stainless steel hand rails and stanchions. A molded, in deck line locker is to starboard of the electric winch. Winch foot controls and a plow anchor complete the bow pulpit. 1 life ring holder is mounted on the port side of the bow rail.

---

## 36' Sea Ray Audio & Video Equipment

---
