SPECIFICATIONS

Overview

Purchased new in 2002 by its current owner, "Odyssey II" is a well maintained example of a space efficient Riviera single cabin layout. The 36SC (Single Cabin) is a capable cruiser as well as a desirable fishing vessel.

By removing the small second cabin from the layout, Riviera was able to create a larger main cabin with ample hanging storage lockers as well as drawers. The head and galley also benefit from the single cabin design with more space and storage abounds throughout the boat. The settee in the salon converts to a bed for overnight guests in place of the second cabin.

Highlights of this vessel's equipment includes

- Cummins 6BTA5.9-M3s with 370hp, ~1660hrs
- Twin Disc transmissions with trolling valves
- Factory hardtop and full enclosure
- Dual helm stations with Raymarine GPS, radar, and autopilot
- Onan 9kw generator with ~760hrs
- Dual Crusair HVAC units
- Prosine 3000 watt inverter with 4 AGM house batteries
- SatTV with flatscreen
- Village Marine watermaker, 35gph
- Diesel fired hydronic cabin heat
- Hardbottom 9'6" tender with 15hp Yamaha 4stroke outboard

Please note: The tender and outboard motor are not included in the listing price, but are available for purchase. DYSID:3001600
