## Overview

---

The Silverton 352 Motoryachts employ the "SideWalk" deck configuration which provides access to the foredeck from both sides of the flybridge helm area. This allowed Silverton to give this model a full-beam salon area. Built on a solid fiberglass modified V-hull, the two stateroom and two head interior (both have separate stall showers) floor plan is arranged with a mid-level galley and dinette area. The salon offers a separate convertible sofa, and the built-in entertainment area to port. The flybridge offers great visibility and lots of seating. The aftdeck area is enclosed with an isinglass enclosure, an icemaker and a wetbar too. This isn't your typical 35 foot boat. Silverton gave a lot of thought into providing the room you will typically find in a 40 foot motoryacht. The 8.1L Mercruisers are rated at 370hp each. The port engine has water in the crankcase and will need to be repaired or replaced. The low asking price reflects this consideration. DYSID:3002281

## Basic Information

---

**Category:** Motor Yacht

**Model Year:** 2002

**Year Built:** 2002

**Country:** United States

## Dimensions

---

- Fuel flow meter

## Galley

---

- Wood galley floor
- Corian countertops
- Two burner stove with oven
- Built in microwave oven
- Built in coffeemaker

- Dual voltage refrigerator (not working)
- Ample storage

---

## Engine Notes

---

This yacht is equipped with a Kohler generator and two Mercruiser 8.1L Horizon engines. NOTE: The port engine has water in the crankcase believed to have come from the oil cooler. The condition of this engine is unknown and the asking price of the vessel has been set below market to accommodate the needed repair or replacement of this engine.

---

## Manufacturer Provided Description

---

The Silverton 352 Motor Yacht follows the tremendously successful big sister 392. Silverton took all the features that made the 392 a hit and scaled them back to the 352. Silverton's unique SideWalk steps allow freedom of movement from the bridge to foredeck. Cumbersome ladders have been replaced by wide molded steps and a high toe kick. Sturdy oversize stainless steel rails will keep passengers safe and secure even in a seaway. The center console flybridge will accommodate a crowd, while the standard aft hardtop makes entertaining and relaxing easy.

---

## Exclusions

---

Owner's personal belongings.

---

## Disclaimer

---
