SPECIFICATIONS

Overview

Engine Compartment, Transom and Engines Redone 2015

The Wellcraft 33 Scarab AVS has a spacious V-berth cabin with plenty of storage, indirect lighting and custom upholstery. The cockpit is also spacious, with comfortable seating for everyone on board, a generous sun lounge, and an integrated swim platform at the transom. A key feature of the 33 Scarab AVS is the solid construction of its two-step bottom. The hull and deck are through-bolted and bonded together with fiberglass. There are microballoon-filled strakes; a diamond plate engine compartment; an engine room ventilation system; and hand-laid fiberglass throughout.
