## Overview

---

Open to trade-ins. Financing is available. This San Lorenzo 72', prides itself in its ability to customize any of its series yachts. Not often do you find such commitment to individuality on a 72-footer. On the outside, the SL72 features long lines and more angular shapes than many recent designs.

The SL72 features a very classy layout with the aft deck dedicated to a table/banquette combination, stairs to the sun deck simply organized between the salon area, and the navigation area forward with practical helm on the starboard side and a very desirable spot for sunbathing on the port side. On the inside, big windows contribute to giving the contemporary interior a loft feel.

This flybridge is very pleasant at lower rpm for a quiet cruise on the Intracoastal, but also does quite well in the upper range, maxing out at about 27 knots with twin MAN's 1200HP.

Featuring full four-stateroom layout, this vessel has a small cabin with bunks, enclosed with a pocket door, in addition to the full-beam master, forward VIP and twin cabin, plus crew cabin

Vessel is in pristine conditions and professionally maintained. She is kept outside of the water in an inside-storage 6 months, and in use the remaining 6 months of the year.
