See Full Listing for Additional Equipment and Details

The Albin 32+2 is a true classic and the perfect cruising boat for a couple! The spacious island queen master stateroom and ensuite head offer the live aboard comfort and storage of a much larger yacht. A full galley and large dinette complete the package for an ideal cruising layout in a boat of this size.

The single diesel and true planing hull with the hull extension provide a unique combination of excellent cruising speed and exceptional fuel efficiency. The superb Terry Compton design incorporates a full keel, protected prop, and low profile; resulting in a sea kindly yacht well suited for an offshore passage as well as exploring the shallow waters in your favorite cruising grounds.

# DETAILED INFORMATION

---

## VESSEL WALKTHROUGH

---

For comfort & economy in a capable and sea kindly yacht the 32+2 is hard to beat! She has many unique features that make her the perfect cruiser for many serious boaters.

For a boat of her size, the spacious forward master stateroom is exceptional! It features a queen size island berth and plenty of room to get around. There is ample storage and an ensuite head with separate shower. The 5KW Northern Lights generator (new 4/16), installed aft under the cockpit, and reverse cycle heat & a/c will quietly provide year 'round comfort. The deck hatch and 4 opening ports also provide excellent natural ventilation.

Next aft, the large dinette to starboard provides comfortable seating for 4 and converts to a spacious king size berth or twins. The fully equipped side galley is opposite to port. There is an additional refrigerator in a locker in the master stateroom.

The large cockpit with folding sunshade is ideal for relaxing in your favorite anchorage. It is also excellent for fishing or diving and features a transom door to the swim platform which is a hull extension for better performance.

The low profile bridge is equipped with a custom welded aluminum half tower which incorporates the folding cockpit sunshade, flybridge soft top, and a full flybridge isinglass enclosure.

Wide side decks with a bow rail leading to the cockpit provide safe and easy walk-around to the foredeck.

The 32+2 is a single engine design with a full length keel and protected prop which will cruise very economically at approximately 16 knots. This design offers the range and economy serious cruisers are looking for. With her long keel she tracks nicely, even in a following sea; and has the protection you need when exploring shallow waters.
