NAUSET MARINE HAS BEEN BUILDING CUSTOM YACHTS FOR OVER 40 YEARS.

Each Nauset is built as a custom yacht to the specific needs and standards of their owners. In this case the knowledgeable owners set the bar very high and paid a lot of attention to the details. The result is an exceptional Sport Fishing Boat that will turn your head. She is designed with fishing in mind on many levels. When you get aboard and start inspecting this yacht you will see the many advantages of her detailing and thoughtful design. From the large open salon - to the very comfortable, practical helm and navigators seat - to the well thought out galley - to the large settee that converts to a large sleeping area - to the immense amount of well-planned storage throughout. And if that is not enough then how about the large aft cockpit - side decks that are easy to walk around - solid stainless hand rails for safety and extra comfort - a large foredeck for lounging - a flybridge with separate helm, seating for many and lots of room.

this 38 Nauset is a proper yacht; one that is an excellent home for both long range and local trips. She can cruise at 20 knots with ease and has a maximum speed of 28 knots. There is a very complete electronics and navigation suite at the helm with repeaters at the navigator's station and on the bridge. This yacht has been yard maintained since new and it shows.

If you are looking for a Nauset Marine Custom Boat that is in excellent condition and ready to take you cruising you need to see this 38. DYSID:3004376

Basic Information
