"Caroline" delivers range, efficiency and comfort for both fishermen and cruisers.

Take this boat anywhere, drop the hook and relax in comfort. The solar system delivers all the electrical power needed - shore power not required.

Boat Name Caroline Dimensions LOA: 62 ft 0 in Beam: 17 ft 0 in Engines Engine 1: Engine Brand: Caterpillar Year Built: 1983 Engine Model: Cat 34-12C Engine Type: Inboard Engine/Fuel Type: Diesel Location: Starboard Engine Hours: 3000 Propeller: 3 blade propeller Drive Type: Direct Drive Engine Power: 708 KW Engine 2: Engine Brand: Caterpillar Year Built: 1983 Engine Model: Cat 34-12C Engine Type: Inboard Engine/Fuel Type: Diesel Location: Port Engine Hours: 3000 Propeller: 3 blade propeller Drive Type: Direct Drive Engine Power: 708 KW Tanks Fuel Tanks: 1 (2000 Gallons) Accommodations Number of single berths: 2 Number of twin berths: 1 Number of double berths: 1 Number of cabins: 3 Number of heads: 2 Electronics Depthsounder GPS Autopilot Radar VHF Compass Inside Equipment Air conditioning Refrigerator Battery charger Electric bilge pump Electric head Deep freezer Microwave oven Hot water Electrical Equipment Generator Electrical Circuit: 110V Outside Equipment/Extras Solar panel Tender Electric windlass

Accommodations

Three steps up from the cockpit and you enter a large roomy salon with rich wood paneling with a beautifully etched aft glass picture window. This window along with the side windows and the unique custom hatches along the front - that can open to allow the salon and galley to be washed with cool breezes, provides an abundance of natural light.

The festive rug with the leather lounge and bar stools gives this salon a touch of panache.

The counter that separates the salon from the galley is long with a circular end that provides additional seating. The galley has what is necessary: full refrigerator, microwave, two burner removable stove stainless steel sink and plenty of counter space.

Heading forward, down the staircase, to a hallway that takes you to the three staterooms and two heads. The first state room, on the port side, is the master suite.

The master suite has a Queen size Pullman style berth located below a series of port lights. at the end of the berth is a large storage cabinet. The Master suite has an ensuite head and shower. The head has a macerator and is flushed with seawater.

Across the hall from the master suite is the second stateroom. This cabin has two single berth in a bunk bed arrangement. the cabin as a separated entrance to the head located on the port side.

Continuing down the hallway you'll arrive at the forward cabin with a two single berth V-berth arrangement. This cabin shares the head on the port side and there is a door that accesses the head from the hallway.

Hull and Deck

Hull

The hull is constructed of aluminum:

Thickness:

- Forward = 1/4'
- Midship = 5/16"
- Aft = 3/8"
- Area of props and struts = 1/2

708 kW

3,000 hours each

Maintenance and upgrades in the last two years:

- New Turbos
- New exhaust elbows
- Raycor Dual Filters
- Cut-Filter on the engines

Transmissions:

Twin Disc MG-518

Generators:

Onan 18 kW - main unit, 1984 - 3,000 hrs

Yanmar 8.5 kW - Back up generator 1,200 hrs

Broker Comments:

"Caroline" is a 1984, 62' Striker. It's a long distance sports fisherman; easily driven from the fly bridge with the panorama view. The large cockpit, bright spacious salon, clean and uncluttered galley and three staterooms makes living aboard a pleasure.

A major plus to this yacht is the newly installed solar system that creates the electrical power needed to run all systems - including the air conditioners. This provides the unique advantage of not being tethered to a dock and enjoying all the creature comforts of this outstanding boat.

The aluminum hull has been serviced in 2016: two coats of epoxy and two coats of anti-fouling paint. This yacht is ready to go.
