Overview

LEAVE COMPROMISE IN YOUR WAKE

92' SELENE OCEAN EXPLORER 2016 "WATTA RDYE"

RARE OPPORTUNITY

The Selene 92 "Ocean Explorer" is the result of an International collaboration of designers and architects under Howard Chen's design team leadership. Working closely with renowned Dutch architect Guido De Groot and a group of International consultants we have developed a contemporary take on the long range yacht whilst capitalizing on builder Jet Tern Marines quality construction and reputation for experience and innovation in the displacement yacht sector.

A first look at the 92 shows a number of the Selene family traits with her powerful raised pilothouse, Portuguese bridge, and bulbous bow. But a contemporary twist is also apparent in the addition of the large side windows in the hull and Stainless anchor pockets.

She is sure to appeal to existing owners and big boat enthusiasts alike and takes the simple and proven concept of the fuel efficient and seaworthy long range yacht to a new level of luxury that is intended to compete directly with the finest European yards but with all of the advantages of GRP.

And the 92' Selene Ocean Explorer 2016 "Watta Ryde" is no exception. Highlighting "Watta Ryde's" distinctions include the reliable MTU Series 60 de-rated 475HP mains 1,800 RPM, Twin Disc Quick Shift MGX-5114DC gearboxes with 3.43:1 ratio, Seatorque propulsion system, Onan MDDCA e-QD 40kW genset with air/water separator, Onan MDDBE e-QD 21.5kW genset with air/water separator, TRAC 440 digital stabilizer system with 20' sq. ft. fins with TRACStar(Stabilization At Rest), ABT 50hp hydraulic proportional bow and stern thrusters using 16" tunnel at 5 stations, MasterVolt Mass Combi 24/4000-100 inverter, MasterVolt Mass 24/100-C & Mass 24/20-3 battery chargers, Atlas 35kVA shore power frequency converter, Full River & MasterVolt AGM batteries, \$250,000 Full-Nav system including Maretron vessel monitoring and control system, A/V system through out including Sonos, MAR IX chilled water airconditioning/heat climate system, ACV International hydronic diesel heat system, KVH HD7 satellite TV antenna system, KVH V3 Tracphone maritime VSAT system, 2 Sea Recovery Aqua Matic A14C 900-2 900 gpd watermakers, Headhunter Tidalwave treatment system, Underwater lighting, 2 Zodiac Survitec Solas 12 man life rafts, Epirb, McMurdo S4 SART (Search And Rescue Transponder), Steelhead CT 3,000lb yacht crane, 11' Achilles hard bottom inflatable with 20hp Mercury 4 stroke outboard and an 18' Edgewater 188C center console tender with bimini and Yamaha 150 hp 4 stroke

outboard.

NOTE: Professional and certified captain available to answer questions and may be available for "Watta Ryde's" new owner.
