## Overview

---

### **\$5000 price reduction...Now \$19,900**

This is a beautiful Canadian Sailcraft 33. Allegro II spent the first few years of her life on Lake Champlain then was purchased by her current owner in 1988. She has been used and well maintained since and is ready to go cruising. A few of the highlights of this high quality boat...

### Construction

Hand-laid, solid laminate hulls with fibreglass, box-beam floor members supporting the keel and hull are common construction features of CS Yachts.

### Down below

Below decks, the CS 33 offers ample storage and true living comfort. The V-berth is 6'6" long with plenty of width. Storage is available in suede-covered fibreglass compartments directly above on each side and in dry bins underneath the V-berth. There are also sliding drawers made from solid ash with teak faces. The U-shaped galley comes standard with a two-burner propane stove with oven, a deep sink and pressure water (hot water along with the shower is an option). Above the stove there is ample cupboard space with Lexan sliding doors, so you can see what you have in inventory. There is a deep dry goods locker with a cutting board for a lid and a cupboard beneath a long drawer for cutlery. The 6.3-cubic-foot ice box is big enough to accommodate a refrigeration unit with a deep freeze. There is a full-sized chart table and large navigation station that incorporates a wet hanging locker beside it. Miscellaneous storage in this area is immense; There is plenty of room under the chart table to add a shelf and dry bin storage under the navigator's seat. The quarter berth is an ample sleeping quarters for one adult.

### Engine

She has a twenty-horsepower Bukh diesel from Denmark. The Bukh is a great engine with a huge flywheel that makes it run smooth.

An on demand hot water system, davit and full inventory of sails, main, genoa, genneker.

She is priced to sell quickly and the owner is open to offers.
