Manufacturer's Description

The Ferretti 830 is the first yacht within the Ferretti range featuring the open-view window in the master bedroom to ensure a unique view of the sea that can be enjoyed from both the bed facing the window and the bathroom with double access. The slender lines of the flying bridge are due to the roll bars? unusual position towards bow. This offers a precious, functional advantage by creating a shaded area on the sofa in the hottest hours. The interiors show an immediate Ferretti style thanks to the cherry gloss furniture and the highly accurate finishing. The Ferretti 830 offers also two guests cabin and a large Vip cabin with a double bed, all of them furnished with private bathroom. The huge saloon is equipped with all home comforts and hosts a plasma screen TV. Eight persons could comfortably have dinner in absolute comfort. With the 830 the sea really becomes a pleasure without limits.
