DETAILED INFORMATION

Description

Whether your lifestyle is suited for cruising or offshore sportfishing, the Hatteras 82 Convertible is well-equipped to meet all your needs with three decks of living space which provide all the features of a mega yacht: a huge salon, spacious galley with dining area, full-beam master suite, VIP guest suite, two additional guest suites, and separated crew's quarters.

Vessel Walk Through

In the salon looking forward you see abundant, luxurious seating, handcrafted cabinetry, and a stairway leading to the flybridge above. Forward of the salon are the galley and dinette, as well as a convenient day head and stairway to the master suite and guest staterooms below. The portside galley is spacious and well equipped for your onboard chef. Its open and airy layout also provides an inviting gathering spot for you and your guests. Below, the full beam master stateroom easily accommodates the king size berth and an abundance of cabinetry. The suite also boasts a large walk in cedar lined closet and built in entertainment center. The ensuite head is beautifully decorated and offers a whirlpool tub. Forward are three large and comfortable guest staterooms, each with a private head including a stall shower. The port and starboard staterooms offer two single berths that convert to a queen berth and ample hanging locker space. The forward guest stateroom provides a pedestal queen bed and excellent hanging and drawer storage. From the forward salon the spiral staircase leads to the enclosed flybridge. Large and inviting it offers wrap around seating and a built in bar for guests. The helm and companion chairs offer excellent visibility and the control panel is fully equipped with electronic and navigation gear. Aft a door opens to the bridge deck with an additional control station, built in seating, and a ladder to the aft deck. The crew's quarters, accessed from the cockpit provides upper and lower berths, head and shower, and an upright refrigerator. Forward of the crew quarters is the engine room with DD 16V92 diesels and two 35 kW generators.
