SPECIFICATIONS

Overview

The Rinker 360 Express Cruiser strikes the right balance between size, affordability and value. Like all Rinker express models, the 360 rides on a solid fiberglass hull with moderate beam and relatively high freeboard. The styling is contemporary—slightly on the conservative side—and the accommodations are similar to those found in competitive express cruisers her size. The cockpit consists of wraparound rear seating, a refreshment center with sink and storage, a portside lounge, and a double helm seat with flip-up bolster. Note the aft facing “rumble seat” built into the transom—a great place to take a break from swimming or diving. A walk-through windshield provides access to the bow. Below-decks, the 360’s well-appointed interior includes a double bed forward, convertible mid-cabin lounge, full-service galley, and convertible dinette—comfortable accommodations for six adults. This boat also features Axis joystick docking system.

New Risers and 18,000 BTU Air Conditioner installed July 2017

Bottom Paint July 2019

Basic Information

Category: Cruiser
