## Overview

---

Designed specifically for the U.S. market, this 2017 Horizon E75 was built in an enclosed skylounge version and features a three en-suite stateroom layout — with a full-beam Master, forward VIP, and twin guest stateroom that can be converted to a double bed — with crew quarters aft of the engine room. Her interior is fresh but elegant; beautiful Angere is utilized as the main wood with Walnut accents, light colored stones, and a neutral soft-goods base, complimented by shades of blue for a nautical touch. Increased exterior areas, such as the sizable dinette and sunpads on the forward deck as well as at wet bar and seating on the boat deck, allow you to entertain your guests from day to night in complete luxury.

The new Horizon E75 motoryacht is an evolution in design of the popular E73 model. With a number of similar design features, the E75 capitalizes on the success of the E73 but takes form and function to the next level, following the successful style lines of the E88 motoryacht. Consulting with Horizon owners around the world, the Horizon design team listened to their feedback and responded with new concepts and designs for both the interior and exterior that puts the new Horizon E75 in a class of her own.

## Basic Information

---

**Category:** Motor Yacht

**Sub Category:** Sky Lounge

**Model Year:** 2017

**Year Built:** 2016

**Country:** United States

**Fly Bridge:** Yes

## Dimensions

---
