## Overview

---

Emerald Pacific Yachts, the leading West Coast distributor for Horizon Yachts, is please to introduce SEGUE a gorgeous and lightly cruised 2009 73 Horizon Fly Bridge Motor Yacht.

A growing family coupled with a change in plans makes this gorgeous and seaworthy 73' Motor Yacht available for the first time since being purchased new in the fall of 2010. SEGUE's knowledgeable owners have done nothing but improve what was already a perfect Motor Yacht. Just 430 hours on her upgraded 1000 H/P Caterpillar C-18's and only 19 hours since last being serviced!

SEGUE is absolutely loaded and represents a terrific opportunity for late summer and year round cruising in comfort and in style. Segue's extensive list of standard and optional equipment is impressive. One must see for themselves what a once in a lifetime opportunity SEGUE truly represents.

### Vessel Walk Through:

SEGUE is able to sleep 7 owners and guest in three cabins plus crew . Boarding SEGUE is made easy given the expansive swim platform and curved teak steps at the port or starboard side of the transom. Once up on the protected and covered aft deck, you will find a built-in settee fronted by a teak table with burl insert. Continuing forward through the S/S TREND sliding glass door is the spacious salon. You can also enter the vessel through the swing open port and starboard pilothouse doors via the covered side deck walkways.

The salon features a large settee to starboard fronted by an electric hi low table and flanked by end tables with built-in storage. To port are two chairs and a complete entertainment center with state of the art audio and visual equipment. Continuing forward and up one step and then to starboard is the gourmet galley which is open to the salon as well as forward to the dinette and settee area. Across from the galley and to port is the pantry and bar area with a wine chiller, ice maker and freezers. Further forward of the galley and pantry area is the forward facing leather settee and teak dinette table. Last but not least is the on center helm station with state of the art electronics as well as port and starboard swing open wing doors that lead to the side decks for easy access and line handling.

The three cabins below deck are reached via a curved stairway at the port side of the pilothouse helm area. The master is aft of the landing in the companionway and is full beam in size with an ensuite head. Here you will find a center line queen bed, walk-in hanging locker, make up vanity and ample storage. The ensuite head features a granite vanity with two sinks, heated granite floors, large shower and a TECMA toilet.

The VIP and guest cabins are forward of the master with the VIP being located all the way forward and featuring a queen berth and direct/private entrance into the shared port side guest head. Across from the port side guest head is the guest stateroom with two berths, the lower being a double and the upper a single that can be raised and secured to the bulkhead when not in use.

The fourth stateroom with the third head is located in the crew area just aside from the utility room and is accessed via the water tight transom door.

The spacious fly bridge and second helm is accessed from the aft deck via a stairway on the port side. This area is expansive and provides for great sunbathing, dining and entertaining.

## Hull and Main Structure:

- White Gelcoat finish
- One-piece hull lamination and longitudinal stringers with high density foam coring
- Hull, deck and superstructure built with SCRIMP process for improved strength and less weight
- Solid fiberglass hull bottom
- High density foam cored construction above water line
- Interior structural components securely bonded to hull
- Reinforced collision bulkhead structures for safety
- Propeller tunnels for reduced draft
- Main and intermediate bronze struts with backing plates
- S/S rudders with zinc plates

- Furuno independent GPS
- Furuno AIS
- Furuno RD 33 color data display ( receives Airmar wind and weather )
- PC chart plotter on built-in Ambient Nav system with Nobeltec and Coastal Navigator integrated with GPS and AIS
- ICOM M604 VHF radio with command mic ( connected to flybridge VHF to provide a second radio to transmit and or receive)

## Bridge:

- Furuno NavNet 2 multi function display for radar, depth sounder and chart plotter
- PC Chart plotter repeater with 15" color display and wireless remote mouse/keypad
- Furuno RD 33 color data display ( receives Airmar wind and weather data )
- ICOM M 604 VHF radio with command mic ( connected to P H VHF to provide a second radio to transmit and or receive )

**Mechanical:**

- Upgraded twin turbo Caterpillar C-18 1000 H/P with reduction gears and MMC electronic controls
- Underwater exhaust with low RPM byass
- Block Heaters
- TRAC hydraulic stabilizers
- 38 H/P ABT hydraulic bow and stern thrusters
- Engine alarm system for low oil and high water issues

- Vessel "Nanny" monitor and security system via cell phone
- S/S AQUAMET HS 22 shafts
- Tide Strong shaft and rudder seals
- Hynautic power steering
- S/S emergency tiller
- Hynautic trim tabs with indicators
- Aft deck control station....gears, throttle and thruster controls
- Hand held wireless Yacht Controller for engines, gears, thrusters and windlass remote
- Marine Air chilled water air conditioning system with back up cooling pump
- Village 800 GPD watermaker with back wash sand media filter ( pickled )
- Maxwell VWC 3500 hydraulic windlass w/ 350 ft. ½" chain
- High performance 4 blade propellers
- Delta T engine room de-mister filters
- Fireboy FM 200 fire suppression system
- Automatic emergency engine room fire damper system
- GE stacked washer dryer
- Air compressor
- Central vacuum system
- (2) Glendenning 50 AMP 75' shore power cable master cords
- Oil changing system
- Dual Racor fuel/water filters
- Single Racor generator fuel/water filter
- High volume AC fresh water pump
- Back up DC fresh water pump
- Jabsco engine driven emergency bilge pump
- WEMA tank indicator
- Tecma head system
- (2) Holding tanks Forward 120 gallons aft 80 gallons
- Holding tank pump with timer and Y valve
- Grey water sump pumps
- (2) Twenty gallon hot water heaters
- Hot water circulation pump
- Electric and manual bilge pumps
- Bilge exhaust fans
- CO2 and smoke detectors

## Electrical:

- Onan 27.5 KW e series generator with sound shield and 397 hours
- Back-up Onan 17 KW e series generator with sound shield and 485 hours
- Generator remote gauges
- (2) Charles 50 AMP ISO boost transformers

- 50 AMP shore power system
- Supplemental “ West Coast” 120 volt shore power package
- Networked vessel with extensive CAT 6 cabling and wireless bridge
- (2) Trace 4KW SW4024 inverter/chargers
- (3) Battery chargers
- (4) Mastervolt 8D AGM start batteries (2012)
- (12) Mastervolt AGM 200AH house batteries ( 2014 )
- (2) 120 amp hour generator start batteries
- Step down 24 volt to 12 volt converter for electronics
- Guest battery switches
- Ships AC/DC panel with circuit breakers
- Panasonic phone/intercom system throughout
- Vimar switches for lighting with dimmer controls
- AC GFI outlets
- Indirect lighting in salon, pilothouse, galley and staterooms
- Exterior LED lighting
- Engine room AC florescent lighting
- Engine room DC dome lighting
- 28 volt Halogen ceiling lighting
- Led rope lighting for steps
- Color coded wiring for identification
- Electrolysis bonding system

### **Engine Room:**

- Large walk-in full height standup
- Diamond aluminum deck plates
- Caterpillar remote start panels
- Aluminum fuel tanks with electric gauges
- White overhead ceilings
- A 30 grade insulation
- Insulated engine room door
- S/S overhead grab rails at each engine
