- (2) New helm digital depth Sounders
- Complete New computer and screens for Hatteras system
- New headhunter water pump
- All lights, interior and exterior, have been changed to LED
- (2) White underwater lights through the bottom
- (2) Lumishore underwater lights on stern that make 264 colors, computer programmed to music and does everything from stove to color slides

Accommodations & Walkthrough

The 64' Hatteras offers a wide beam (19'6"), a shallow draft (4'10"), and impressive fuel capacity (1,950 US GAL). This yacht is a masterful blending of function and form.

The wide beam creates a generously sized flybridge with ample space for all your guests. Equipped with electronics in a pop up console, a tuna tower, 3-sided enclosure, freezer and plenty of storage and seating, the flybridge is the place to be while running.

The cockpit, spacious in its own right, is rigged for the serious angler. The mezzanine offers plenty of storage and seating, freezer, 4 drawer tackle station, modular storage and refrigeration. The cockpit has an Eskimo ice maker return, fish boxes, and livewell.

The salon has beautiful African Mahogany woodwork and is designed for relaxation and comfort. A custom U-shaped sofa to port provides enough space for you and your guests to lounge around and enjoy the 42" plasma TV with surround sound. There is plenty of storage underneath the couches. Fluted valances are both decorative and functional - they direct the flow of air throughout the space so that the temperature is easily maintained.

The galley/dinette area is one step up from the salon and features a 4-burner ceramic cooktop, microwave/convection oven, trash compactor, 3 Subzero units (2 refrigerators with 4 drawers and 1 freezer with 2 drawers) and other amenities. This 64 has been upgraded with granite counters and backsplashes in the galley area. There are two large closets/pantry space forward of the galley before going down the companionway.

Sporting the three stateroom, three head arrangement, the master is full beam with an entry foyer, extra large hanging locker and king berth. Twin nightstands and dressers to port and starboard offer ample storage. The ensuite head features granite countertops.

Guest accommodations are spacious as well. Both guest staterooms feature ensuite heads with granite countertops as well as plenty of storage. The forward VIP stateroom has a queen sized berth and the port guest stateroom, side by side twin berths with a nightstand in between. All staterooms have Sharp TVs, (20" in master, 17" in guest staterooms) with DVD player and AM/FM/CD stereo.

There is a davit on the foredeck for your choice of dinghy.

The War Chant features a 19' 6" beam and provides generous accommodations throughout. The salon features a U-shaped lounge with storage underneath viewing the 42" TV from all angles within the salon. Additional seating can be found in a barrel chair just aft of the dinette. For convenience, an icemaker and electrical panels are placed just inside the sliding salon door. Below decks you'll find a full beam master stateroom with a king size walk-around berth with port lights allowing natural light into

the stateroom. Forward, the bow provides for a queen walk-around berth with hull side cabinetry and dual hanging lockers with access to a private en-suite head. The third stateroom provides for side by side twin berths with hull side cabinetry and good storage as compared to her competition. All staterooms have private ensuite heads.

Salon

U-shaped lounge sofa with storage underneath as well as the lift-up arm rest

Satin finish African Mahogany interior wood Throw pillows

Swivel barrel chair

Cocktail table that opens up with storage underneath

Carpeting

Carpet runners from salon door to galley and for companionway steps
