## Overview

---

DOUBLE DOWN offers immense volume over 5 sumptuously styled decks. 9 guest suites can accommodate up to 19 guests, including a full private Owner's deck, 4 VIP suites, 2 doubles and 2 twins.

Guest comfort is paramount, with a full-size elevator allowing easy access to all interior decks and zero speed stabilizers ensuring guests can enjoy their time out of port. On the Owner's private deck the indoor/outdoor dining room is fully air-conditioned and there is an ultra high-specification tropical air-conditioning throughout.

DOUBLE DOWN is the largest Codecasa ever built allowing the respected Italian craftsmen to create expansive outdoor areas including a Jacuzzi deck, separate sundeck and a vast beach club with garage.

Technically, DOUBLE DOWN is immaculately maintained, the yacht was freshly painted in 2016, and for peace of mind there is a full 5-year Caterpillar factory extended warranty on main engines from February 2016 as well as new Hug particle filters on the generator exhausts. The fully customized and detailed engine room gleams and runs to perfection.
