COMMENTS

Delivered in 2008, IZUMI is the 6th PJ120 SportYacht by renowned American builder Palmer Johnson. From her stunning Crystal Silver metallic paint to her recognizable sweeping lines IZUMI is a fantastic example of the now popular PJ 120 model that started the whole PJ SportYacht Series. IZUMI's striking interior has been designed by Nuvolari Lenard and is a combination of lacewood highlighted with high-gloss ebony, wenge flooring and Crema Marfil marble accents. Classed both Lloyds and MCA this yacht is built to handle rough seas and take you where you want to go in the utmost comfort. Her aluminium hull and twin MTU engines deliver a max speed of 30 knots while her 30,000 litres fuel tank allow for a very impressive range. The super-structure conceals 2 garages for tenders and Jet Ski's as well as a hidden sundeck on top with a hydraulic fold away stairway for complete privacy. Having just come out of a 10 weeks shipyard period, she is in immaculate condition and waiting for her next owner.

Exclusions
