DETAILED INFORMATION

Vessel Walkthrough

Vessel Walk Through OR Overview:

Boarding from the transom, you walk through a large open cockpit and up a step into the helm area. The cockpit is separated from the helm by a center island baitwell and prep sink. Triple raised helm seating puts the operator at the center helm with good visibility in every direction. To starboard, the cabin doorway opens out to let you down below. Immediately to port, the galley sits along the aft cabin bulkhead. All the way to port, the head is just beyond a recessed rod locker. The starboard side of the cabin has a large sofa that converts into small bunks. The large master berth sits all the way forward. Topside, the tower offers a full helm with a wide, two person seat.
