DETAILED INFORMATION

Accommodations and Features

SALON

As you walk through the aft electric sliding door there is an expansive area for lounging and dining with comfortable seating for six to eight people with a high low table. There is also a settee off to port with a fixed table. A 42" TV in the aft starboard corner of the salon is visible from anywhere in the salon.

MASTER

The Master stateroom is forward with an offset queen bed with access to a large hanging locker on either side with a settee to port. A desk on the starboard side of the stateroom can be used as either a computer station or a vanity table. The large head has a bidet with a large shower forward of the toilet.

VIP STATEROOM - PORTSIDE

The aft port VIP has a large double bunk down and single Pullman berth overhead. There is a desk in the forward port corner with a TV. This stateroom has its own ensuite head and shower.

VIP STATEROOM STARBOARD

The starboard port VIP has a large double bunk down as well as a single Pullman berth overhead, including a desk with a TV. This stateroom has its own ensuite head and shower.

GUEST STATEROOM

The port side guest cabin is an over under bunk room with Pullman berth overhead with ensuite head and shower.

CREW QUARTERS

The crew stateroom is forward of the galley on the main deck. It has over and under berths with an ensuite head and shower. The vessel's washing machine is also located in the crew quarter. There is access to the inside of the boat through the galley. This stateroom also has another access to the foredeck through a watertight door.

COCKPIT

The cockpit is very large with a Release Fighting chair and Rocket Launcher. The chair is mounted on a

Release marine offset. There is a large refrigerated fish box in the transom with large under gunnel storage areas for wash poles or rods as well. Moving forward there is an access to the engine room center lined underneath the stairs up to the main deck. To port there is a large tackle storage closet with a day head to starboard.

FLYBRIDGE

The Flybridge includes two control stations for fishing and running. The forward station is designed for comfort while traveling. A climate controlled area surrounded by isinglass makes traveling to the fishing grounds much easier. There are three large pop up control boxes with all updated electronics. The control station itself is a teak pod with single lever controls. A large built in seating/lounging area is perfect for guests while traveling. This area can also be used as an extra room to enjoy while the boat is docked or at anchor. Overhead a large rod storage box is neatly hidden. The aft driving station is designed for fishing with a teak pod and single lever controls. There are three large helms seats at this station with a bicycle seat facing aft for fighting fishing. There is also a large drop in freezer to the starboard side of the aft control station.

REMARKS

Miss America is the only 78 Buddy Davis built with an open fly bridge, for a discerning sport fisherman with a flair for extended cruising. She has 5 staterooms with 6 heads. You can comfortably sleep 10 people aboard. Built from Buddy Davis with the ability to cross the Atlantic via the Azores' on her own bottom. Reinforced hull with added stringers and 3,000 gallons of fuel for a range of 2000 nautical miles without extended fuel bladders. Atlas shore power converter on board gives the ability to convert currency and frequency. Features like stabilizers, a full width staircase to the bridge, a large cavernous tackle storage closet and a day head accessible from outside set this boat apart from other sportfish boats of her size. She is as equally comfortable going out fishing for the day as she is heading to the Pacific for a year! **EXCLUSIONS** Owner's personal effects are excluded from the sale.
