Engines

- Triple Yamaha 350HP
- 2014 Center engine 94 hours
- Port and Starboard engine upgraded at 250 hours, 2014 new manifolds, computers, flywheels approximately 345 total hours

Remarks

The Grady White 360 Express was first introduced in 2005 a huge triple engine outboard express that has more space and cabin features than its previous predecessor's. This boat is extremely versatile with its shallow draft and huge accommodations leaves no destination untouched! Grady thought of everything when designing this model. Starting with a raised centerline helm providing clear 360 degree views down to its spacious 2 stateroom layout cabin.

She features (2) 16,000 BTU air conditioners one in the main cabin and one at the helm, (2) double berths and an optional berth at the dinette conversion comfortably sleeping 6. There is a full head and shower as well as a fully functional galley in the main cabin. Other standard features include: bow thruster, generator, fold-away aft bench seating, innovative slide-out table at the helm and teak and holly sole throughout. This boat was also ordered with a tower that is outfitted with its own independent steering station and electronics as well as seating for up to 4 or 5 guests!

The owner of this boat has spared no expense in maintenance and upkeep. The engines and generator are fully up to date and brought to the latest software upgrades provided by Yamaha. The center engine was added in 2014 and has only 94 hours! Other notable upgrades include a brand new full wrap around enclosure installed 9/2016, extra large transom zinc, Engines and generator fully serviced and running Mobil One Full Synthetic oil changed every 100 hours.

Exclusions

Owner's personal belongings.
