SPECIFICATIONS

Overview

The 345 Conquest is a distinctive pilothouse express whose integrated windshield/hardtop offers protection from the sun, wind and spray. Like all whalers, the 345 is built to fish. Her large cockpit comes equipped with two in deck macerated fish boxes, a 40 gallon transom live well, bait prep center with sink and cutting board, and a very sturdy fold-down rear bench seat. There is also a refrigerator/freezer in the cockpit, and a hot/cold shower is standard. A hatch in the cockpit sole provides easy access to the boat/s mechanical system. Below decks, the Conquest is clearly meant for long range comfort. A center line island berth is forward, and U-shaped seating under the helm deck quickly converts to another double. The entire cabin is trimmed in teak and the counters are granite; overall the boat can sleep five people, or four (4) adults and two (2) children. Note that the helm is centered in the 345, putting the Captain in the best piloting (and social) position possible. A huge hatch provides access to tanks, pumps, etc., a Generator and Air Conditioning are standard. Triple 300 Mercury Verados deliver 40+ knots wide open. Boat has fresh bottom paint and was just service.

This boat has been boat house kept and professionally maintained. If you want the best 34 Boston Whaler on the planet, this is it.
