SPECIFICATIONS

Overview

Accommodates eight guests, in four staterooms plus four in crew. The Master Stateroom is amidships featuring a King-size bed, His and Her bath with shower. There are three guest staterooms, one with a Queen-size berth with private bath and two twin staterooms with ensuite bath. The captain's cabin features a queen berth and private Satellite TV/DVD system. Two bunk crew quarters, again with private Satellite TV system, are also forward via a private staircase. LUCKY STAR had a total refit in 2005 to include a complete new state-of the art instrumentation system, autopilot, entertainment systems, most appliances, most of the ships systems, and much of the running gear. On the main deck, she features a partially open dining room and galley forward. Amidships is the raised pilothouse, powder room and storage rooms. Moving aft is the large salon with L-shaped sofa and oversized occasional chairs. She is unique due to the salon rear bulkhead with quad glass doors that open the Salon completely to the aft deck. This combined with the low salon windows enable panoramic viewing while seated. Some of the yacht's features include fiddle back maple and cherry interior joinery with extensive use of leather on overheads and bolsters, recessed ceilings with hidden A/C ducts, fine marbles, suede's and granite countertops, custom carpeting and custom stereo and lighting system. The large aft deck is equipped with a custom teak, ebony, and mahogany table attached to a custom 10" stainless steel pivoting pedestal, wet bar, hidden Jacuzzi in the deck with cover, side windows with Strataglass enclosure and dual steps down to the swim platform.

- The yacht is set up for long distance cruising with spares for all major systems on board, combined with built in redundant critical systems

Comments

LUCKY STAR is the epitome of a contemporary style Burger Raised Pilothouse Motoryacht. This design features special exterior styling, a more constant dead rise underbody with engine room aft, wider beam, four watertight bulkheads with better access to all components for ease of maintenance. The unique layout provides four staterooms all accessible by one stairway and completely separate from the crew. The aft deck area can be utilized in an open or closed fashion with the salon, and there is easy access to the water for diving or water sports.

Exclusions

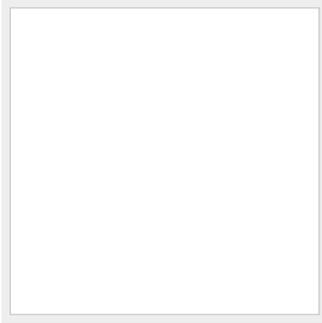

Owner's personal belongings.
