- Lift Kept
- Original Owner
- Optional electric lift coffin box with sunpad
- Offshore Bait Solution Equipment
- No Bottom paint
- Simrad electronics
- Bow Thruster
- Trailer

PowerBoat Guides Description of this model

PowerBoat Guide

Yellowfin's best-selling model, the 36 is a high-performance fishing machine with the speed and rough-water capability tournament anglers demand in an offshore boat. Like many of today's go-fast hulls, there are two steps in the bottom to reduce wetted surface and gain speed. Introduced in 2003, the 36 is a semi custom boat and her list of factory options is extensive. Yellowfin recently added aft fish boxes where previously there were forward boxes only, and the transom door has been updated to a pocket-style slider. The foredeck has two large fish boxes as well as a coffin box (optional) that nearly doubles the boat's storage capacity. Standard features include a T-top with rod holders, walk-in head compartment, 50-gallon aft livewell, 9-foot rod boxes, deluxe leaning post, cockpit bolsters, high-performance trim tabs, numerous rod holders, pop-up cleats, and much more. Fit and finish is second to none. The 36 was designed for triple engines although there are plenty out there with twins. Twin Yamaha F350s reach close to 55 knots top. Triple 250hp Mercs top out in the mid 50s, and a late-model Yellow 36 with triple Yamaha F350s can exceed 60 knots wide open. DYSID:3017747
