Overview

Wow! This one owner 391 Meridian has low hours, a clean and shiny gel coat, and has always been maintained and taken care of by her knowledgeable owner. She has been lightly used and is ready for you to come aboard and go cruising!

There is certainly a reason why the Meridian 391 is the most popular flybridge yacht in the world...Meridian nailed it.

The bridge is accessed up the built in stairs on the starboard side leading through a closable door, offering both convenient and safe access to the bridge. The helm sports a premium navigation package including Northstar 6000i with Radar, Northstar depth finder, and VHF. The helm is the ideal place to enjoy the ride or just relax in the sun. The bridge aft has a large L-shaped lounge with ample storage underneath. The bridge forward has another bench seat that is large enough for 3 or 4 to join the captain. Just aft of the Captain's seat is a wet bar with a serving top, drink holders, as well as refrigerator. The Cockpit stereo has been upgraded with high performance speakers that sound amazing! "The Kristen," is loaded with first class equipment!

She is the perfect blend of style, performance, functionality, comfort, and livability, a feat that is rarely achieved on all these fronts. From the striking, sleek lines to the spacious, comfortable salon and down to the walk-in engine room, there are plenty of reasons to fall in love with "The Kristen".

"The Kristen" has been recently buffed and waxed and shows very nice! If you are in the market for a Sedan Bridge look no further, call now for your personal inspection!

Basic Information
