DETAILED INFORMATION

Features and Vessel Walkthrough

“NATURAL 9” is a stunning example of the 70 Viking Sport Cruiser (PRINCESS). Big, well laid out, sleek and fast, she is sure to turn heads wherever she goes! She was factory engineered and built to U.S. specifications and NOT a conversion. This past year the current owner invested over 500K in ship upgrades and interior refit. If you are in the market for a large, fast, premium brand express yacht for entertaining or cruising, than look no further. Make your appointment to come and inspect “Natural 9”.

Below please find some of the customizations, upgrades and highlights.....

- Interior refit (2016) by IK Yacht design including but not limited to custom carpet, custom furniture, wall coverings, fabrics, bedding, exterior cushions, custom backlit galley stone countertop and more
- 2016 custom multi color underwater lights (6 RWB), custom exterior tri color LED deck lighting, dimmable white overhead interior LED interior lighting with red, white or blue LED accent lighting throughout.
- GARMIN 7616 Chartplotter, radar and multi function display. (2016)
- GHOST system with multiple cameras
- YACHT CONTROLLER wireless docking system
- Bow thruster and new stern thruster
- Bottom stripped and re done with epoxy barrier coat and fresh BP
- All running gear dialed in, new shaft and rudder seals, fresh cutlass bearings
- Fresh teak decks (2013)
- Blue Awlgrip hull paint (2013)
- CAT C 32 1675 hp engines
- Hydraulic passerelle for med style boarding
- Large salon sunroof
- SAT TV
- Upgraded AV system, JL audio outside, Bose and Fusion inside
- Port and stbd stern garage doors
- Williams jet tender
- Aft crew accommodations

WALKTHROUGH

The boarding of natural 9 can be done a variety of ways. She is very versatile. She features a Passerelle for stern to wall med style boarding. If on a floating dock you can board via the swim platform and steps up to the aft deck. She also has both port and stbd aft deck boarding capabilities if on a fixed dock.

The stern features two hydraulic garage pods one housing a Williams jet tender and the other is open for storage or the addition of a jet ski. There is a retractable swim ladder also on the stern swimplatform.

The teak laden aft deck is set up for sun lounging and entertaining. There are two large sun pads on either side of the aft deck. Under the starboard one is a ladder down to the crew stateroom and engine room access. The other has storage underneath. Just fwd to starboard is a large U shaped shaded seating area with a beautiful high gloss teak table. Directly across to port is a wet bar, grilling station, refrigerator and ice maker. A premium JL Audio sound system is capable of turning the aft deck into party central if desired.

From here you enter the main salon through a large sliding tinted glass door. There is also a secondary position that opens further providing a wide open flow from aft deck to salon. The entire salon has been refit with custom lighting, furnishings and fabrics. To starboard is a large U shaped white custom sofa and custom white stone coffee table. To port is a matching custom love seat with flat screen pop up TV behind it. Satellite Direct TV with Bose surround sound makes for a comfortable movie watching experience. Next to the love seat there is an Avanti wine chiller inside a cabinet with serving station on top. New custom white, blue and dimmable LED lighting can be adjusted as needed to create the perfect mood.

Just forward of the salon on the same main level is the helm station and companion seating. Two electrically adjusted bucket seats are to starboard where the actual helm station and navigation electronics are located and two more are to port for great underway visibility and enjoyment. All four have been recovered in custom white leather. A brand new Garmin 7616 multifunction display is the primary source for navigation. Other helm electronics include Furuno auto pilot, bow and stern thrusters, CAT electronic controls, CAT electronic gauges with secondary analogue gauges, ACR spotlight, Lenco trim tab controls and a new Icom Vhf radio.

When

seated at the helm there is a water tight panoramic door to stbd that opens up to the walk around side decks if needed. Last but not least on beautiful days or starry nights there is a large retractable roof over the helm and salon.

Plush white carpeted stairs and a leather wrapped handrail escort you down below to the galley and lower accommodations. At the base of the stairs you have an open, well-appointed galley to starboard, master stateroom aft, guest stateroom to port and a VIP stateroom forward. All state rooms have ensuite heads with port guest head also accessible from the hallway as a day head. The custom carpeted walkways have new white dimmable LED lighting overhead.

The galley features everything a shipboard gourmet could need including.....LG refrigerator and freezer, Panasonic microwave oven, Neff 4 burner electric cook top, large sink, Miele dishwasher, a neatly disguised slide out pantry, RWB LED accent lighting, and ample storage. There is even two large drawers made for specifically storing the PRINCESS branded dishes and glasses. The centerpiece of the galley is most definitely the LED backlit custom white stone countertop. The galley sole is finished teak and the cabinetry is all high gloss cherry wood. There is plenty of natural light from two port holes and small skylight to keep the galley feeling open.

Port Guest Stateroom
