DETAILED INFORMATION

Vessel Information

This beautiful 1991 Ocean 53 already benefits from being one of the most popular Ocean Yacht models produced. They are spacious and well thought out and this special one received a COMPLETE refit by CAY Marine in 2016! She has a new 18w generator, new electronics, zeroed out engines and saw a full gut job 'to the studs' resulting in a COMPLETELY new interior. This is all thanks to the relentless efforts of CAY Marine where no detail was missed and she shows amazingly well. This is a steal for the money looking nicer and newer than most sportfish being built today! This is a rare opportunity to own something so special and she won't last long.
