Remarks

Rarely does an opportunity come along to purchase a totally tricked out, custom built with every option, boat with the caliber of the Conquest. No detail has been overlooked and this boat is truly better than when it left the Viking factory. With only 650 hours on her upgraded MTU M94s and MTU extended Propulsion Coverage in place until 2/24/2019, she offers complete peace of mind. Her Seakeeper 26000, Viking performance package and electronics and tower, both done in house by AME and Palm Beach towers, this boat is totally turn key in all respects.

Exclusions

Owner's personal belongings.
