SPECIFICATIONS

Overview

Ferretti Yachts 650 is the first in a series of models that are bound to set a new functional and technical standard for the “Yachts” product line below 70 feet in length. Developed thanks to the cooperation between the Product Strategy Committee, Ferretti Group’s Marketing Department, AYT&D - Advanced Yachts Technology & Design, and Studio Zuccon International Project, the project draws inspiration from the Ferretti 620. The Ferretti Yacht 650 immediately strikes the eye for its extensively renovated profile. Its outer silhouette is characterized by an aerodynamic flybridge and new fibreglass decorative elements that “cut” through the profile of the glazing in the superstructure. An unprecedented decoration connects the windows of the three cabins below deck. The slender lines are further enhanced by the yacht’s aft area, specifically designed to ensure easy and safe storage and launch of the tender while increasing the guests' onboard comfort. A tender lift has been developed, capable of lifting an over-3-metre-long tender that can be lowered into the water by a metre with respect to its original position, thereby allowing the vessel to be davit-free: a valuable attribute which provides an incredible amount of additional living space. As is the case on all models in the range, on this 65-footer the shipyard is proposing alternative layouts both on the sundeck – which also comes in the hard-top version – and inside the boat. With Ferretti Yachts 650, the brand goes back to installing engines produced by Caterpillar. The boat is equipped with a pair of CAT C18: in the standard engine configuration - a pair of 1015 mhp C18 engines – the FY650 can indeed reach a cruising speed of 26 knots and a maximum speed of 30 knots. The optional engines (1150 mhp), in turn, can push the yacht to a cruising speed of 30 knots and a top speed of 33 knots. The range is 275 and 245 nautical miles, respectively, at maximum speed, and 310 and 300 nautical miles, respectively, at cruising speed (preliminary data).

Basic Information

Category: Motor Yacht

Sub Category: Flybridge

Model Year: 2015

Year Built: 2015

Country: United States

Vessel Top: Hardtop
