DETAILED INFORMATION

The Very Essence of a Modern Princess Motor Yacht

An ideal family cruiser, she combines confident sea-keeping with strong performance and class leading interior space for elegant entertaining.

The 42 adopts a lean and more dynamic profile with wrap-around windscreen and larger, sleeker windows and portlights. A wealth of design detail adorns the interior too, from the well proportioned teak laid steps linking the cockpit and flybridge, to the impressively wide side decks and thoughtfully positioned hand rails. She's wonderfully practical too, with a large lazarette and storage below the cockpit seat, and an easily accessible engine room.

Triple glass sliding doors link the cockpit and saloon, giving an exceptionally light and airy feel to the interior, accentuated by the huge wrap-around windows. Inside the sense of space is enhanced fabrics and a lustrous wood finish lend an elegant finishing touch to the practical layout.

The spacious flybridge boasts generous U-shaped seating with an integrated sunbed aft, and a large folding teak table for alfresco dining. A refrigerated coolbox is integrated into the console ahead of the twin helm seats and an optional barbecue and wet bar can be specified for relaxed entertaining on deck.

The lower helm provides outstanding visibility while the ergonomic and advanced instrumentation and controls ensure precise and comfortable handling. A few steps down, the open galley is well equipped with an electric cooktop, a large refrigerator/freezer, and a combination microwave oven. The lower accommodation comprises of an elegant master cabin and twin guest cabin, both en-suite with generously proportioned showers.

Beautifully constructed and immaculately finished, the new 42 is the very essence of a modern Princess motor yacht.
