SPECIFICATIONS

Basic Information

Category: Sport Fisherman

Model Year: 2015

Year Built: 2014

Country: United States

Dimensions

LOA: 52' 0" (15.85m)

Beam: 17' 6" (5.33m)

Max Draft: 4' 11" (1.50m)

Speed, Capacities and Weight

Water Capacity: 186 Gallons

Holding Tank: 57 Gallons

Fuel Capacity: 1467 Gallons

Accommodations

Total Cabins: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: MAN

Model: Model V12

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Salon/Galley/Dinette

- Hi Gloss teak interior
- Air conditioning with reverse cycle heat with temperature control
- Central vacuum unit with accessories
- Exhaust fan, high velocity
- Custom Amtico flooring
- Bone Corian countertops
- Garbage disposal in sink
- Upgraded headliner
- Home theater system with 50" HD TV, Blu-Ray player with surround sound with powered subwoofer
- Overhead lighting LED lights recessed in headliner and indirect decorative rope lighting behind valances, 24V DC
- Microwave/convection oven located in upper galley cabinet
- Electric range surface mounted countertop
- Under counter style large capacity refrigerator & freezer

Master Stateroom, Forward

- Island double berth with lift-up top with gas pistons and maple-lined storage underneath mattress
- Bedspread, quilted, designer style with 2 pillow shams
- Drawer storage under bed, 2 large drawers
- Custom locker with drawers
- Air conditioning with reverse cycle head with temperature control
- Bomar hatch, foredeck hatch with Ocean Air screen shade system
- Upgraded headliner
- Overhead LED lighting lights and decorative indirect rope lighting from underneath bed platform
- Reading lights, overhead with separate switches
- Stereo speakers recessed, tied into 12V AM/FM/DVD
- Teak shelf
- 19" flat screen TV mounted on wall

VIP Stateroom

- Custom queen berth
- Storage under berth
- Custom storage drawers

- Flat screen TV

Guest Stateroom

- Air conditioning with reverse cycle heat with temperature control
- Upper and lower berths with upgraded mattress
- Maple-lined hanging locker
- Upgraded headliner
- Lighting overhead LED lights and courtesy rope lighting underneath lower bunk rail
- Stereo speakers recessed in soffit tied into 12V AM/FM/DVD

Master Stateroom and Guest Heads

- Air conditioning/heat with vent in soffit
- Bone Corion countertops
- Electric heads with overboard and holding tank discharge
- Amtico vinyl flooring
- Overhead LED lights recessed in soffit and ceiling
- Lower vanity with teak face
- Medicine cabinet with mirrored doors
- Fiberglass stall shower with Satin Nickel shower fixtures and with drain to automatic sump pump in bilge

Cockpit/Deck

- Teak cockpit and mezzanine
- Upgraded Buckskin ultraleather cushions
- Rupp hydraulic riggers
- Rupp center rigger
- Refrigerated mezzanine port & stbd
- Plum transom as live well with window and light
- (3) Haunches each side
- Rod holders in coverboards
- Refrigerated mezzanine step coolers
- 50amp Glendinning cablemaster
- Cable TV and telephone connections located in starboard dock cabinet and wired to a home run; RG6 TV Cable to accommodate satellite system, Phone cable is CAT-5 to accommodate current data phone systems
- Cabinet with storage for gaffs and or other accessories located under gunwale
- Walk-through transom door with lift gate
- Y-Valve for fresh and saltwater wash downs

- Release Marine teak chair with rocket launcher
- 2, 12 volt deep drop plugs in cockpit

Command Deck

- Helm air conditioning with reverse cycle heat
- Upgraded Stidd helm chairs
- Refrigerator/ freezer box
- U-Shaped dinette
- Custom storage area
- Electronic controls and twin disc joystick control
- Compass, large, flush mounted and lighted
- Controls: Top mounted electronic controls with station select and keypad
- Electronic trolling valves
- Fire system control with automatic and manual discharge and override system located at console
- Gauges/ electronic displays supplied by engine manufacture
- Handrail, powder coated aluminum effectively positioned
- Single chairs at port companion with starboard companion double seat, all with foot rests
- Instrumentation based on starboard engine package, lighted with switches in radio box
- Manual engine shutdown switches at cabinet in console
- Indirect rope tri color (red, white, blue) lighting under coaming
- Lighting, recessed tri color (red, white, blue) lights in flybridge overhang
- Molded nonskid deck
- Observation mezzanine, aft facing lounge seating with Buckskin covered cushions, hinged seats with storage under
- Stereo speakers powered from salon stereo with remote control
- Nonskid deck molded for traction and durability
- Offshore Systems monitoring with audible and visible alarms: fire, engine room temp, high bilge water, high exhaust temp, high coolant temp, low oil pressure, and generator as well as confirming correct system operation
- Power assist steering
- Refrigerator with ice maker in port cabinet
- Stereo speakers, recessed
- Storage cabinets
- Trim tab control switch mounted at console
- Trumpet style air horns, (2)
- U-Shaped lounge seating with Buckskin cushions and teak table
- Windshield, molded fiberglass wrap around front and sides with fixed frameless laminated glass and center open window vent
- Windshield wipers with washer and speed adjustment

- LED Spreader lights
- Overhead lights at helm
- Overhead storage lockers integrated into top
- Radar pod
- Teaser reels

Electronics & Navigation

- Carbon fiber helm panel
- (3) 8205 touch screen Garmins
- Garmin 12kw with 6' Array XHD
- Garmin Plotter with pre-loaded charts
- Garmin Sounder GSD Chrip
- Airmar 2-3 kw transducer
- Furuno RD33
- Garmin GHP 12 Auto Pilot with shadow drive sensor
- ICOM 604 VHF
- Garmin AIS 600 Transponder
- Fusion Audio System
- Garmin GXM5 Weather
- Engine Room Camera
- (2) Lumishore Underwater lights
- Bow and stern thrusters
- ACR remote spotlight

Construction

- Ablative/copolymer anti-fouling bottom paint, 2 coast, primed
- Awlgrip brass thru hulls in engine room forward bilge
- Awlgrip engine room, lazarette, forward bilge and anchor locker for enhanced visibility and easier maintenance
- Blister resistant modified vinylester resin in entire hull skin
- Custom blended polyester resin used in structural laminates, topsides, bridges and hardtops
- Dupont high gloss polyurethane boot stripe
- Fiberglass side thru hulls
- High gloss teak interior finish throughout
- High performance isophthalic gelcoat npg superior gloss, flexibility and outstanding weathering characteristics
- Hull interior, isophthalic gelcoat top coated with a durable high gloss polyurethane coating
- Hull resin infused cored composite construction, using end-grain balsa and closed cell foam cores in selected areas for optimized strength and stiffness while minimizing

weight

- Infused fiberglass fuel, water and holding tanks with fiberglass baffles inside and balsa coring on sides for stiffness, sealed to hull with resin foam
- Molded fiberglass command deck/ engine room ceiling with foam core for acoustical and thermal insulation
- Nonskid molded in for traction and durability
- Stringers, fiberglass encapsulated foam
- Vacuum bagged composite bulkheads - main engine room bulkhead, intermediate engine room bulkheads, and forward bulkhead

Mechanical

- 24V DC ship's service throughout
- 12/24V Power supply with breakers on flybridge for future electronics
- 110V Outlet in engine room n aft bulkhead
- Anchor light/navigation lights
- Batteries, (2) independent 24V banks mounted in fiberglass storage box
- Battery chargers, (2) with thermal cutoff and switching system for complete integration
- Battery distribution panel with battery cutoff and charging system breakers
- Battery parallel system for main engines and generator start
- Bonded electrical system with ground plate
- Color-coded, labeled and numbered wiring system with corresponding drawings
- Dimmers 24V DC interior lighting throughout
- Engine room lights, DC with switch at engine room entrance
- 21.5kw Onan diesel generator E-QD Series, user friendly with electronic governing allowing voltage and electronic frequency control
- Glendinning cablemaster
- Instrumental panel lights for flybridge and main electric panel
- Lighting, overhead LED lights recessed in ceiling and rope type decor lights, 24V throughout
- Master electrical control panel located in salon with 24V/120V circuit breakers, individual switching for shore 1, shore 2, or generator supply and gauges for electrical supply, voltmeter, ampmeter and frequency
- Receptacles, 120V duplex with GFI throughout
- RG6 TV cable to accommodate satellite system
- Voltage stabilizer isolation transformer on cable masters for more consistent, cleaner voltage

Electrical

- 24V DC ship's service throughout
- 12/24V Power supply with breakers on flybridge for future electronics

- 110V Outlet in engine room n aft bulkhead
- Anchor light/navigation lights
- Batteries, (2) independent 24V banks mounted in fiberglass storage box
- Battery chargers, (2) with thermal cutoff and switching system for complete integration
- Battery distribution panel with battery cutoff and charging system breakers
- Battery parallel system for main engines and generator start
- Bonded electrical system with ground plate
- Color-coded, labeled and numbered wiring system with corresponding drawings
- Dimmers 24V DC interior lighting throughout
- Engine room lights, DC with switch at engine room entrance
- 21.5kw Onan diesel generator E-QD Series, user friendly with electronic governing allowing voltage and electronic frequency control
