SPECIFICATIONS

Overview

The boat is in standard configuration, extra options are available. Galeon 405 HTL improves on the 385 model by adding a larger roof over the cockpit area as well as an extended bath platform. The bigger roof provides extra protection from the elements, and allows for a larger sunroof over the helmstation. Those changes improve on an already spectacular yacht as they do not hinder the performance nor the overall design of this sporty model. Enjoy the extra space in the cockpit area thanks to the redesigned layout that puts more emphasis on the available leisure areas. Great visibility all around is sure to please the captain during fast manouvers or during mooring in tight marinas. Fit a sizable tender or personal watercraft at the stern in the automatic garage system – it comes standard. Down below, the interior layout matches the one found on the 385 with two cabins and a comfortable saloon. Guest will also find two bathrooms with showers to use at their convenience. The saloon comes equipped with a generously sized galley, perfect for preparing meals and snacks for the whole crew and their guests. Select from a variety of interior design lines and a comprehensive list of additional options to fully customize your yacht. For optimal performance, choose the desired engines and necessary navigational equipment. Allow yourself to be amazed by the Galeon 405 HTL.
