SPECIFICATIONS

Overview

The boat is in standard configuration, extra options are available. Galeon 500 FLY revolutionized the middle segment of luxury yachts by introducing solutions previously seen only on high-end, custom designed units. The transformable bow, rotating cockpit area and, most notably, the drop down sides were the highlights noticed by customers and industry professionals alike. Named the European Powerboat of the Year 2016 and recipient of IBI's Boat Builders Award for 2015, Galeon 500 FLY proved once and for all it belongs in the upper echelon of luxury crafts worldwide. Now, the highly anticipated 460 FLY brings back all the ground breaking innovations of its bigger brother in a more compact frame. This daring, new design clearly shows the bold path Galeon has taken to propel its yachts into the future. Once again fitted with an automatic bow settee area that swiftly morphs into a sundeck, cockpit roto-seat, and everyone's favourite feature – the beach mode, the 460 FLY will make the most of the space available on board. Inside, find yourself in a world of luxury with a quality finish all Galeon yachts are known for. Customize the interior with a variety of available woodwork and fabrics and select from a wide range of available options and equipment to truly make it your own. Guest can be entertained on the main deck that features a dining area and a full sized kitchen or take respite down below in one of the three cabins. The spacious master is located midship and offers access to an en suite bathroom for extra privacy. Several engine options and propulsion types, including the IPS drives, will allow to strike a perfect balance between great fuel economy and sporty performance. The yacht will join the already extensive lineup of Third Generation units available and is sure to make a long lasting impression with its unique combination of substance and style. The 460 FLY is a clear indication that Galeon is still on the forefront of innovation, charting a new direction for modular luxury crafts.
