DETAILED INFORMATION

Mazokist

Owning much to the styling of gentleman's crafts from the 1920's, Mazokist is a contemporary take on the classic luxury day cruiser. An elegant 30 feet long with a top speed of 42 knots, it is without equal in its class. Exquisitely crafted, it features such individual details as a bespoke steering wheel and unique cockpit table. Outperforming all rivals, it delivers the smoothest and most comfortable of rides.

Unrivalled Power

The finest craft demand the finest engines. To generate the smooth, exhilarating power to match Art of Kinetik's pulse-racing looks, we engaged diesel specialists Yanmar®. Power is nothing without control.

Impeccable Detail

They say the devil is in the detail. With Art of Kinetik, it is the delight. As with our pilot's chair and steering wheel, we sought to create a unique experience at every turn. Our artists and designers worked closely with the engineers to produce dozens of tailored details such as the fuel tank caps, cleats, chock and retractable deck ladders.

Hand-Crafted Control

As with most Art of Kinetik components, we were dissatisfied with every other steering wheel on the market. So we decided to make our own. Carved, sanded, varnished and polished entirely by hand, this elegant yet robust piece is indicative of the artistry and skill lavished upon every inch of our boats.
